EVERSEND AI WINS PRESTIGIOUS ABU DHABI INTERNATIONAL AIRPORT PROJECT

KUALA LUMPUR, Tuesday, 15 January, 2013 – Eversendai Corporation Berhad (“Eversendai”), a leading and well-established integrated structural steel turnkey and power plant contractor, has recently secured a contract worth AED 390 million (RM325 million), through its subsidiary company to carry out structural steel works for the Abu Dhabi International Airport (“ADIA”) in Abu Dhabi, United Arab Emirates.

Dato’ AK Nathan, Executive Chairman and Group Managing Director of Eversendai, said: “We are delighted to have secured the contract for the structural steel works for the Piers, Jet Bridges and Gate houses for the ADIA project. This is one of the most anticipated projects in the region and re-affirms Eversendai’s continued success in winning iconic prestigious projects in the Middle East region.

The ADIA project is integral to the Abu Dhabi Economic Vision 2030 plan which entails transforming the desert into the ‘Garden of the Gulf’ through a design that responds to its natural environment, while meeting the needs of the rapidly expanding capital.

“We are currently the structural steel contractors for the New Doha International Airport in Qatar, the Salalah International Airport in Oman and the KLIA 2 in Malaysia. By securing the ADIA project, we have once more registered our brand in the global airport construction sector” added Dato’ AK Nathan.

Eversendai's geographical footprint with regional offices in 6 countries and fabrication plants in 4 countries with 120,000 tons annual capacity– is an affirmation of its' international success.

With excellent proven track record as an integrated business model solution provider for highly complex iconic structures complemented with strong diversified order book and long standing client relationship teamed with well-structured organisation led by strong and experienced senior management and skilled workforce, Eversendai is poised to continue its growth path strengthening competitive position through diversification and market expansion.

Through the years, Eversendai has acquired an enviable reputation in the construction industry by executing numerous projects both locally and internationally with dedication that constantly retained satisfied clients. We always adhere to safety, quality and always maintain a strict adherence to time schedules and ensure total customer satisfaction. These are our corporate philosophy that drives the Eversendai group's culture of excellence and innovation

The work on the project is due to start in February with completion by 2015, and will have a positive encouraging impact on the Eversendai's Group's financial performance for FY2013 to FY2015.
