NOTES TO THE FINANCIAL STATEMENTS

A1 Accounting Policies and Basis of Preparation

The interim financial report is unaudited and is prepared in accordance with Financial Reporting Standards ("FRS") 134 "Interim Financial Reporting" and paragraph 9.22 of the Bursa Malaysia Securities Berhad Listing Requirements.

This is the third interim financial report on the consolidation results for the third quarter ended 30 June 2012 announced by the Group in compliance with the Listing Requirements and as such, there are no comparative figures for the preceding financial year's corresponding period.

The interim financial statements should be read in conjunction with the Proforma Consolidated Financial Information and the Accountants' Report for the ten (10) months financial period ended 31 July 2011 as disclosed in the Prospectus of the Company dated 31 January 2012 and the accompanying explanatory notes attached to the interim financial statements.

These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial period ended 31 July 2011.

The accounting policies and methods of computation adopted by the Group in this interim financial statements are consistent with those adopted in the Prospectus dated 31 January 2012 except for the changes in accounting policies and presentation resulting from the adoption of relevant FRSs, amendments to FRSs and IC Interpretations that are effective for the financial periods beginning on or after 1 January 2011 and 1 July 2011 respectively.

The adoption of the above FRSs, amendments and interpretations did not cause impact on the financial statements of the Group.

The Group has not applied the following relevant new FRS and amendments to FRSs issued by Malaysian Accounting Standards Board ("MASB"):-

Effective for the financial periods beginning on or after 1 January 2012

FRS 124 Related Party Disclosures

Amendments to FRS 1 Severe Hyperinflation and Removal of Fixed Dates for First-Time

Adopters

Amendments to FRS 7 Disclosures - Transfers of Financial Assets
Amendments to FRS 112 Deferred Tax : Recovery of Underlying Assets

Effective for the financial periods beginning on or after 1 July 2012

Amendments to FRS 101 Presentation of Items of Other Comprehensive Income

The initial adoptions of the above amended FRSs are not expected to have any significant impact on the financial statements of the Group.

Convergence of FRSs with the International Financial Reporting Standards

On 19 November 2011, the MASB issued the new Malaysian Financial Reporting Standards ("MFRS") framework, consisting of accounting standards which are in line with the International Financial Reporting Standards ("IFRS") issued by International Accounting Standard Board ("IASB").

NOTES TO THE FINANCIAL STATEMENTS

A1 Accounting Policies and Basis of Preparation (Cont'd)

Convergence of FRSs with the International Financial Reporting Standards (Cont'd)

The MFRS framework is to be applied by all Non-Private Entities for annual period beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 Agriculture and IC Interpretation 15 Agreements for Construction of Real Estate, including its parent, significant investor and venturer (herein referred to "Transitional Entities").

Transitional Entities will be allowed to defer adoption of the new MFRS Framework for an additional one year. Consequently, adoption of the MFRS Framework by Transitional Entities will be mandatory for annual periods on or after 1 January 2013.

The Group falls within the scope of definition of Transitional Entities and have opted to defer adoption of the new MFRS Framework. Accordingly, the Group will be required to prepare consolidated financial statements using the MFRS Framework in its first MFRS financial statements for the financial year ended 30 September 2014. In presenting its first MFRS financial statements, the Group will be required to restate comparative financial statements to amounts reflecting the application of MFRS Framework. The majority of the adjustments required on transition will be made retrospectively against retained profits brought forward. The Group expects to be in a position to fully comply with the requirements of the MFRS Frameworks for the financial year ended 30 September 2014.

IC Interpretation 15 - Agreements for the Construction of Real Estate

The MASB has on 19 November 2011 announced that IC Interpretation 15 shall be withdrawn from the FRS Framework for application for annual period beginning on and after 1 January 2012 in light of its decision for the Transitional Entities as mentioned in foregoing paragraph above. IC Interpretation 15 will be operative for the Group's financial period beginning on or after 1 October 2013 when the Group first time adopts the MFRS Framework.

This Interpretation clarifies when and how revenue and related expenses from the sale of a real estate unit should be recognised if an agreement between a developer and a buyer is reached before the construction of the real estate is completed. Furthermore, the Interpretation provides guidance on how to determine whether an agreement is within the scope of MFRS 111 Construction Contracts or MFRS 118 Revenue.

The Group currently recognises revenue arising from property development projects using the stage of completion method. Upon the adoption of IC Interpretation 15, the Group may be required to change its accounting policy to recognise such revenues at completion, or upon or after delivery. The Group is in the process of making an assessment of the impact of this Interpretation.

A2 Report of the Auditors

The auditors' report on preceding year's audited financial statements was not subject to any qualification.

A3 Seasonality or Cyclicality of Operations
