

8 March 2023

Our Ref: LTA/CP(SW)/C37.072.001/0000843

Dear Residents,

STAGE 2B - Traffic Diversion Works along Jurong West Street 75

To facilitate the construction of Jurong Region Line project at JW1 station, our main contractor, **CES_SDC Pte. Ltd** is carrying road diversion works along Jurong West Street 75 and motorists are expected to travel on the new road **from 2 April 2023**.

Due to the nature of the works, the connection of the old road to the new road can only be constructed after the last bus service. This means that the traffic diversion works to be a full day work that will take place from 8.00 AM onwards and last throughout the night. The work will be completed before 5.00 AM to ensure that daily traffic flow is not affected. The location of the traffic diversion along Jurong West Street 75 as shown in the enclosed **Annex A**.

We are working with our contractor to minimize any inconvenience to our stakeholders and noise mitigation measures to be implemented whenever necessary.

For queries regarding the work, you may contact our contractor's Senior Public Relations Officer, Ms. Wong Poh Yin at 9699 0107.

Yours faithfully

Chua Kian Tiong
