[The rest of this page has been intentionally left blank]

3. RATIONALE AND BENEFITS OF THE PROPOSED SHAREHOLDERS' MANDATE TO THE HEXTAR GROUP

3.1 Rationale

The Proposed Shareholders' Mandate will enable the Hextar Group to enter into Recurrent Related Party Transactions that are in the ordinary course of business, revenue or trading in nature and necessary for the Hextar Group's day-to-day operations ("these transactions" or "RRPTs"). These RRPTs are likely to occur with some degree of frequency and arise at any time and from time to time and may be constrained by the time-sensitive nature. It may also be impracticable to seek shareholders' approval on a case by case basis before entering into such Recurrent Related Party Transactions. The obtaining of the Proposed Shareholders' Mandate on an annual basis would eliminate the need to convene separate general meetings from time to time to seek shareholders' approval as and when potential Recurrent Related Party Transactions arise; thereby reducing substantially administrative time and expenses associated with the convening of such meetings, without compromising the corporate objectives of the Hextar Group or adversely affecting the business opportunities available to the Group. The Board is, therefore seeking a mandate pursuant to Paragraph 10.09 of the Listing Requirements for the Recurrent Related Party Transactions described in Section 2.3.3 above with the class of Related Parties specified in Section 2.3.1 above to allow the Hextar Group to enter into such Recurrent Related Party Transactions made on arm's length basis and on normal commercial terms that are not more favourable to the related party than those generally available to the public and which are not prejudicial to the interests of the minority shareholders.

3.2 Benefits

The goods and services provided by the Related Parties are price competitive and all transactions between the Hextar Group and the Related Parties are carried out on an arm's length and commercial basis. Although the Hextar Group also sources similar products and services from third parties, the Hextar Group would like to seek approval for the RRPTs described in Section 2.3.3 as the close co-operation between the Hextar Group and the Related Parties will have mutual benefits and are expected to contribute to operation efficiency of the business of the Hextar Group.

4. REVIEW PROCEDURES AND GUIDELINE FOR THE RECURRENT RELATED PARTY TRANSACTIONS

4.1 Procedures and Guidelines

The Group has established a related party transaction policy and procedures, to ensure that the RRPTs are undertaken on an arm's length basis and on normal commercial terms that are not more favourable to the transacting parties than those generally available to the public and are not to the detriment of the minority shareholders:

- a) A list of Related Parties is established and circulated annually to the head of finance, who shall monitor and ensure that all RRPTs to be entered into by the Group are reported and forwarded to the Audit Committee.
- b) Proper records are maintained at the Group to capture all RRPTs so that all RRPTs entered pursuant to the mandate will be adequately discussed.
- c) Any Director who has an interest (direct or indirect) in any RRPT, such Director (or his alternate, where applicable) shall abstain from deliberation and voting on any decision to be taken by the Board in respect of such RRPT, if any.

- d) Any member of the Audit Committee who is interested in any RRPT shall abstain from deliberation and voting on any decision to be taken by the Audit Committee with respect to such transaction.
- e) At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to or/and from the Related Parties are fair and reasonable and comparable to those offered to or/and from the public for the same or substantially similar type of products/services and/or quantities.
- f) In the event that quotation or comparative pricing from unrelated third parties cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products or services, or if the product/service is a proprietary item), management will ensure that the RRPT will only be entered into with the Related Party(ies) after taking into account the pricing, level of services, quality of products and other related factors to ensure that the Recurrent RRPT is not detrimental to the Hextar Group. There is no specific threshold for approval of RRPT within the Hextar Group.
- g) The Hextar Group shall put in place adequate procedures and processes for monitoring, tracking and identifying Recurrent Related Party Transaction in a timely and orderly manner, and the adequacy and appropriateness of procedures and processes are reviewed on annual basis or whenever the need arises.
- h) The Audit Committee shall review the guidelines and procedures and are satisfied that the guidelines and procedures are adequate to ensure that the RRPTs are/will be:
 - (i) on terms not more favourable to a Related Party than those generally available to and/or from the public;
 - (ii) not to the detriment of the minority shareholders; and
 - (iii) at arm's length and on normal commercial terms having taken into account, inter-alia, pricing, quality of the products and services, track records, experience and financial position of the supplier or vendor, speed of delivery, quality of aftersales support service and maintenance and etc.

4.2 Threshold of Authority

The guidelines for the relevant approving authority practiced by the Hextar Group in relation to the Recurrent Related Party Transactions are as follows:-

- (i) Transactions below RM2,000,000 each in value, will be reviewed and approved by the senior executive(s) (not being a person connected to the Related Party) designated by the Audit Committee from time to time for such purpose and tabled for review by the Audit Committee on a quarterly basis; and
- (ii) Transactions equal to or exceeding RM2,000,000 each in value will be reviewed and approved by the Audit Committee and Executive Director (not being the Related Party or a person connected to Related Party).

[The rest of this page has been intentionally left blank]

4.3 Abstain from Voting

Further, where any Director has an interest (direct or indirect) in any Recurrent Related Party Transaction, such a Director shall abstain from voting on the RRPT concerned. Where any member of the Audit Committee is interested in any transaction, that member shall abstain from voting on any RRPT relating to any decisions to be taken by the Audit Committee with respect to such RRPT.

Pursuant to Paragraph 10.09 of the Listing Requirements, in a meeting to obtain the Proposed New and Renewal of Shareholders' Mandate, the interested Director, interested Major Shareholder or interested person connected with a Director or Major Shareholder; and where it involves the interest of an interested person connected with a Director or Major Shareholder, such Director or Major Shareholder, shall abstain from voting or deliberating or approving the resolutions in respect of the Recurrent Related Party Transactions.

An interested Director or interested Major Shareholder must also ensure that persons connected with him abstain from voting or deliberating or approving the resolutions in respect of the Recurrent Related Party Transactions. Interested Directors shall also abstain from deliberating or voting at board meetings in respect of the Recurrent Related Party Transactions in which they are interested.

4.4 Disclosure

In accordance with the Listing Requirements, disclosure will be made in the Annual Report 2022 of the breakdown of the aggregate value of the RRPTs conducted during the financial year pursuant to the mandate given by the shareholders based on the following information:-

- (a) type of transaction made; and
- (b) name of the related parties involved in each type of the RRPTs made and their relationships with the Company and/or any of its subsidiaries.

5. STATEMENT BY AUDIT COMMITTEE

The overall responsibility of determining whether the methods or procedures for reviewing all RRPTs are appropriate, rests with the Audit Committee. Review and ascertainment of whether the methods or procedures established to monitor Recurrent Related Party.

Should the Audit Committee determine that the methods or procedures stated in Section 4.1 are inadequate to ensure that:-

- (i) the RRPTs will be conducted at arm's length and on normal commercial terms;
- (ii) such transactions are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders; and
- (iii) the Company will obtain a fresh Shareholders' Mandate based on the new methods or procedures.

The Audit Committee shall also have the discretion to request for the limits to be imposed or for the additional procedures to be followed if it considers such a request to be appropriate. In that event, such limits or procedures may be implemented without the approval of shareholders, provided that they are more stringent than the existing limits or procedures.

The Audit Committee of the Company has reviewed the methods or procedures as specified in Section 4.1 and is of the opinion that they are sufficient to ensure that the RRPTs are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

In conclusion, the Hextar Group has in place adequate procedures and processes to monitor, track, and identify the RRPTs in a timely and orderly manner.

SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY

1. INTRODUCTION

At the last AGM held on 23 May 2022, the Company had obtained a mandate from its shareholder to purchase up to 10% of the total issued and paid-up share capital of the Company. The said approval will lapse at the conclusion of the forthcoming 32nd AGM of the Company unless a renewal of the mandate is obtained.

The Company had on 31 March 2023 announced its intention to seek shareholders' approval for the Proposed Renewal of Share Buy-Back Authority ("Proposed Renewal") at the forthcoming 32nd AGM.

The purpose of this statement is to provide you with the details of the Proposed Renewal and to seek your approval for the ordinary resolution pertaining thereto which is set out in the 2022 Annual Report of the Company.

YOU ARE ADVISED TO READ THE CONTENTS OF THIS STATEMENT CAREFULLY BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL.

2. PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

At the last AGM held on 23 May 2022, the Company had obtained shareholders' approval to purchase up to 10% of the total issued and paid-up share capital of the Company.

As at LPD, the Company had purchased a total of 27,334,700 Shares which were retained as Treasure Shares. The current issued and paid-up share capital of the Company is RM637,972,088 comprising 1,313,087,284 Shares.

The Company proposes to seek approval from its shareholders at the forthcoming AGM for the Proposed Renewal. The Proposed Renewal shall be effective upon the passing of the ordinary resolution to be tabled at the forthcoming 32nd AGM of the Company and will continue to be in force until:-

- (i) the conclusion of the next AGM of the Company following the forthcoming AGM at which the ordinary resolution for the Proposed Renewal is passed, at which time it shall lapse unless by an ordinary resolution passed at the meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM of the Company after that date is required by law to be held; or
- (iii) the authority is revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting;

whichever occurs first.

3. RATIONALE

The Proposed Renewal, if carried out, will enable the Company to purchase its own shares when appropriate and at prices that are viewed as favourable by the Board. The Proposed Renewal is expected to benefit the Company and its shareholders as follows:-

- (i) The Proposed Renewal will allow the Company to utilise its financial resources not immediately required for use to purchase its own Shares from Bursa Securities. Depending on the funding cost for the purchase of its own Shares, the Proposed Renewal may strengthen the earnings per share of the Company's shares and if so, it is expected to benefit the shareholders of the Company;
- (ii) The Proposed Renewal is expected to reduce any unwarranted volatility of the Company's shares and assist to stabilize the supply, demand and price of the shares in the open market, thereby supporting the fundamental values of its shares;
- (iii) If the purchased shares are held as treasury shares, such shares may potentially be resold on Bursa Securities at a higher price and therefore realising a potential gain in reserves. The treasury shares may also be distributed as share dividends to shareholders as a reward to the shareholders of the Company;
- (iv) If the Board resolves to cancel the purchased shares, the earnings per share of the Group is expected to be enhanced as a result of the reduction in the issued and paid-up share capital of the Company, thereby enabling long term and genuine investors to enjoy any potential corresponding increase in the value of their investments in the Company.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED RENEWAL

4.1 Potential advantages

The potential advantages of the Proposed Renewal to the Company and its shareholders, if exercised, are as follows:-

- (i) allows the Company the flexibility in achieving the desired capital structure, in terms of debt and equity composition and size of equity;
- (ii) allows the Company to take preventive measures against speculation, particularly when its shares are undervalued which would in turn stabilise the market price and hence, enhance investors' confidence.
- (iii) other advantages of the Proposed Renewal are also outlined in Section 3 on the "Rationale for the Proposed Renewal".

4.2 Potential disadvantages

The potential disadvantages of the Proposed Renewal to the Company and its shareholders are as follows:-

- (i) the Proposed Renewal will reduce the financial resources of the Group and may result in the Company foregoing other investment opportunities that may emerge in the future or, at the least, deprive the Company and the Group of interest income that can be derived from the funds utilised for the Proposed Renewal;
- (ii) the Proposed Renewal can only be made out of retained profits of the Company and may result in the reduction of financial resources available for distribution to shareholders in the immediate future. However, the financial resources of the Group may increase if the treasury shares held are resold at prices higher than their purchase prices; and

- (iii) in the event that the Proposed Renewal is funded by bank borrowings, the Company's net cash flow may decline to the extent of the interest cost associated with such borrowings.

Nevertheless, the Board is of the view that the Proposed Renewal is not expected to have any potential material disadvantage to the Group or its shareholders as any share buy-back exercise will be undertaken only after in-depth consideration of the financial resources of the Group and of the resultant impact on its shareholders.

The Directors in exercising any decision on the Proposed Renewal will be mindful of the interest of the Company and its shareholders.

5. FUNDING

The Proposed Renewal will be funded by internally generated funds of the Company and/or borrowings. The amount of borrowings will depend on the financial resources available at the time of purchase(s). In the event that the Proposed Renewal is to be financed by borrowings, the Company will ensure its capability of repaying such borrowings and that such repayment will not have a material effect on its cash flow.

The actual number of the Company's shares to be purchased and the timing of any purchase, together with the treatment of the shares purchased would depend, *inter alia*, on the prevailing market conditions, the availability of the Company's retained profits as well as its cash and funding position.

The maximum amount of funds to be allocated for the Proposed Renewal shall not exceed the retained profits of the Company. Based on the Company's audited financial statements for the financial period ended 31 December 2022, the Company's retained profits stands at RM138,998,984.

6. FINANCIAL EFFECTS TO THE PROPOSED SHARE BUY-BACK

6.1 Share Capital

The effect of the Proposed Renewal on the number of shares of the Company will depend on whether the shares purchased are cancelled or retained as Treasury Shares.

For illustrative purposes only, the effect of the Proposed Renewal based on the movement of the number of shares of the Company as at LPD and assuming the shares so purchased are cancelled, is illustrated below:-

	<i>No. of Shares</i>
Existing number of shares	1,313,087,284
Assuming shares purchased under the Proposed Renewal and cancelled	(131,308,728)
Resultant number of shares	1,181,778,556

On the other hand, if the purchased shares are retained as Treasury Shares, resold, or distributed to the Company's shareholders, the Proposed Renewal will have no effect on the number of shares of the Company nor will it have any effect on the issued and paid-up share capital of the Company.

[The rest of this page has been intentionally left blank]

While the purchased shares remain as Treasury Shares the rights attached to them as to voting, dividends and participation in other distributions or otherwise are suspended and the Treasury Shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including, without limiting the generality of Section 127 of the Act, the provisions of any law or requirements of the Constitution of the Company or the Listing Requirements on substantial shareholding, takeovers, notices, the requisition of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

6.2 Earnings and EPS

The effects of the Proposed Renewal on the earnings and EPS of the Company will depend, *inter-alia*, on the number of purchased shares, the purchase price and the effective funding cost of the purchase. The reduced number of the Company's shares applicable in computing the EPS subsequent to the purchase will generally have a positive impact, all else being equal, on the EPS of the Company.

6.3 NA

The effect of the share buy-backs on the NA per share of the Company is dependent on the purchase price(s) of the shares bought, the number of shares purchased, the effective funding cost, if any and the subsequent treatment of the shares so purchased. The NA of the Company will reduce if the shares bought back are cancelled. The NA per share of the Company will reduce if the purchase price exceeds the NA per share and the NA per share of the Company will increase if the purchase price is less than the NA per share at the time of purchase. In the event the shares bought back and held as treasury shares are subsequently resold, the NA of the Company will increase or reduce depending on whether a gain or loss is realized upon the resale. The quantum of the increase or reduction in NA will depend on the actual disposal price, the number of shares purchased, the amount of retained treasury shares which are resold.

6.4 Working Capital

The purchase of shares, as and when carried out, will reduce the working capital of the Company, the quantum of which will depend on the purchase price(s) of the shares bought back, the number of shares purchased and the effective funding cost to the Company.

6.5 Dividends

The Proposed Renewal is not expected to have any impact on dividend payments. The declaration of dividends will be determined by the Board after taking into consideration the performance of the Company, the cash flow and capital commitments of the Company. The buy-back of shares may reduce the distributable reserves available for dividends. However, the Board may distribute future dividends in the form of shares which have been bought back and retained as treasury shares.

[The rest of this page has been intentionally left blank]

6.6 Shareholdings

Based on the Register of Substantial Shareholder and the Register of Directors' Shareholdings respectively as at LPD and assuming that the Proposed Renewal is implemented up to the maximum of 10% of the issued and paid-up share capital and that the purchased shares are from shareholders other than the Directors and substantial shareholders of the Company, the effect of the Proposed Renewal on the shareholding of the Directors and substantial shareholders of the Company are set out follows:-

i. Substantial shareholders' shareholdings
