MANAGEMENT DISCUSSION AND ANALYSIS

GROUP FINANCIAL REVIEW

“ The Group’s revenue decreased from RM65.15 million to RM47.51 million during the financial year ended 31 March 2022 (“FYE 2022”) as compared to the financial year ended 31 March 2021. ”

This is due to the lesser billing in Construction segment during the financial year.

The Group has recorded a loss after taxation of RM48.93 million for the FYE 2022 as compared to profit after taxation of RM10.72 million for the financial year ended 31 March 2021. This is mainly due to the fair value loss on other financial assets amounting to RM40.96 million during the financial year (preceding financial year: fair value gain on financial assets amounting to RM17.78 million).

OPERATION REVIEW

Cloud services, data centre and IT related services

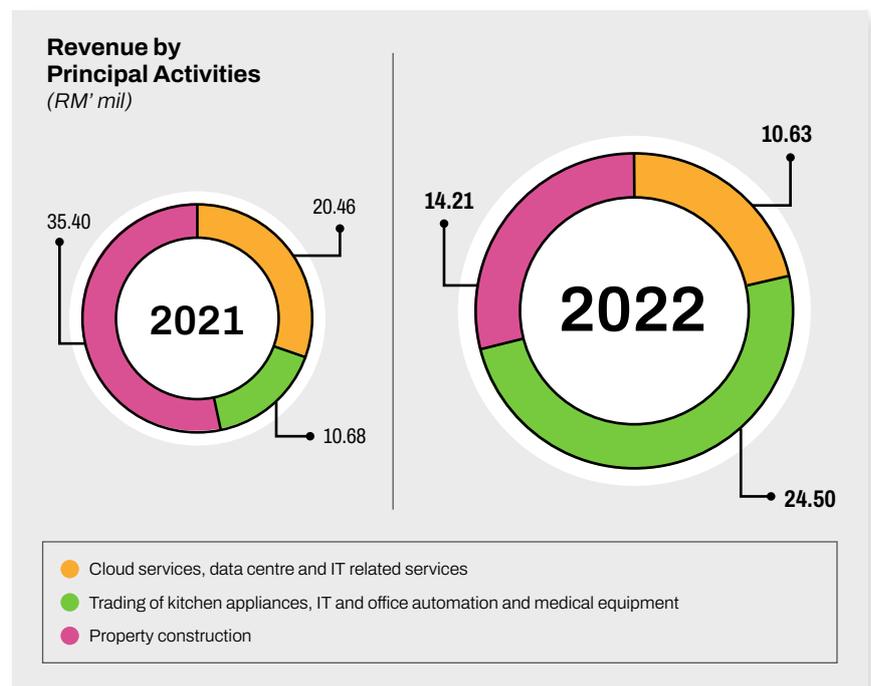

The cloud services, data centre and IT related services segment recorded revenue of RM10.63 million for the FYE 2022 compared to RM20.46 million for the preceding financial year. This is due to the completion of cloud and co-location projects during the financial year. This segment recorded loss after tax of RM2.89 million for FYE 2022 as compared to profit after taxation of RM1.75 million for preceding financial year. This is in line with the decrease in revenue during the year. The expenses incurred consist of the depreciation of property, plant and equipment (including the depreciation for the data centre and right-of-use assets) of RM2.83 million.

Trading of kitchen appliances, IT and office automation and medical equipment

This segment recorded revenue of RM24.50 million for the FYE 2022 compared to RM10.68 million for the preceding financial year. This is mainly due to the increase in revenue of trading of medical products during the financial year. The segment incurred loss after taxation of RM2.05 million as compared to loss after taxation of RM6.78 million for the preceding financial year. This is in line with the increase in revenue during the financial year.

Property construction

This segment recorded revenue of RM14.21 million for the FYE 2022 compared to RM35.40 million for the preceding financial year. This is due to the lower progress billing during the year. This segment incurred loss after taxation of RM8,000 for the FYE 2022 as compared to the profit after taxation of RM1.54 million for the preceding financial year.

MANAGEMENT DISCUSSION AND ANALYSIS

ANTICIPATED OR KNOWN RISKS

Market Competition Risk

Cloud, data centre and IT related services industry and trading industry are always competitive. The Group faces competition from both new entrants and existing players in the industries that offer similar products and services. Increased competition could result in revenue erosion and loss of market share, any of which could materially and adversely affect the Group's business, operating results and financial condition.

The Group has hired competent sales staff to increase the sales and provided professional after sales services to customers to ensure customers are satisfied with the products and services. The Group emphasises on the quality of the products and services provided to the customers. The management of the Group will remain relevant by leveraging on present and future strategic alliances to create value.

Dependence on key personnel

The Group believes that its continued success will depend upon the abilities, skills, experience competencies and continued effort of its key management and technical personnel. The loss of any key members of the Group's management and technical personnel could adversely affect the Group's business and operations.

The Group continues to attract and retain the key management personnel who

are essential in the support of the Group's operations by providing employee benefits and incentives to ensure a long term commitment of the key management personnel to the Group.

Apart from this, the Group actively grooms the younger members of its management team by providing the necessary guidance, experience and exposure in order to prepare them to take over from the senior management team in the future so that the Group is prepared to conduct a smooth transition.

Security Risk

Data centres are a vulnerable target given the vast amount of valuable data contained and thus the Group has taken a holistic approach to data security. The data centre is accredited by ISO 27001 – ISMS to ensure compliance with cyber security and confidentiality requirements. The data centre is built based on a 4-Tier security level system and is protected by Artificial Intelligent ("AI") threat protection system which secures all the clients data from any breaches.

Operational and business risks

The Group's trading business is affected by the performance and inherent risk associated with the industry, including general economic downturn in the global and regional economy causing a decline in consumer demand, changes in consumer tastes and preferences,

increase in operating costs, delay in obtaining certification from SIRIM, etc. The Group is working to ensure the products quality met the requirement of the authorities and the customers' satisfaction.

Regulatory and Political Risk

Any developments in political, economic, regulatory and social conditions could materially affect the Group's financial and business prospects. Other political uncertainties that could unfavourably affect us include changes in political leadership, war, economic downturn, financial crisis and changes in interest rates. The directors keep abreast of the government policies, rules and regulations and will take necessary action to ensure compliance.

Foreign exchange risks

The Group's business is exposed to foreign exchange risks as purchase are mainly denominated in USD whilst sales are mainly denominated in RM. As such any fluctuation in foreign exchange rates would have an impact on our profitability and financial performance.

The Group takes initiative to negotiate with the suppliers/principles to provide a better rate on the goods purchased in the event if USD increases. The exposure of the foreign currency risk is closely monitored on an on-going basis to ensure that the net exposure is at an acceptable level.

MANAGEMENT DISCUSSION AND ANALYSIS

ANTICIPATED OR KNOWN RISKS (CONT'D)

Impact of COVID-19 on the business and operations of the Group

The World Health Organisation had on 11 March 2020 declared the COVID-19 outbreak as a global pandemic. As a measure to contain the outbreak, the Government of Malaysia announced MCO which is effective from 18 March 2020. Effective 4 May 2020, the MCO has been transitioned into a conditional MCO until 9 June 2020. As announced on 7 June 2020, the conditional MCO has further been transitioned into a recovery MCO (“RMCO”) which had commenced with effect from 10 June 2020 until 31 August 2020. Subsequently vide an announcement on 28 August 2020, the RMCO was further extended from 31 August 2020 until 31 December 2020. Under the RMCO, more economic sectors and businesses will be allowed to be opened subject to adherence with the necessary strict standard operating procedures (“SOP”). However, the pandemic is getting worse in the year 2021, with the implementation of MCO again from 13 January 2021 and followed by a total lockdown from 1 June 2021 until September 2021. In April 2022, the Government has announced to enter the transition of endemic phase.

The outbreak of COVID-19 is an event of force majeure that is beyond the control of our Group. There is no assurance that the COVID-19 outbreak and/or the MCO/CMCO/RMCO will not have a material adverse impact on the market conditions and/or the industry and environment in which our Group operates. Further, no assurance can be given that there the COVID-19 outbreak and/or the MCO/CMCO/RMCO will not have any material adverse impact to the overall supply and distribution chain of the Group. Potential risks arising therefrom may include but not limited to slowdown in customers’ demand, loss of customers, credit risk, disruption in supply chain, and increased operating cost to comply with the SOP, any of which may result in an adverse effect on our Group’s business and financial conditions.

OUTLOOK AND FUTURE PROSPECT

The Malaysian economy grew by 5.0% in the first quarter of 2022 (4Q 2021: 3.6%). Growth was supported mainly by higher domestic demand as economic activity continued to normalise with the easing of containment measures. The improvement also reflects the recovery in the labour market and continued policy support. In addition, strong external demand, amid the continued upcycle in global technology, provided a further lift to growth. In terms of economic activity, the services and manufacturing sectors continued to drive growth. On a quarter-on-quarter seasonally-adjusted basis, the economy registered an increase of 3.9% (4Q 2021: 4.6%).

During the quarter, domestic demand expanded by 4.4% (4Q 2021: 1.9%). Growth was supported by higher consumption and improvement in investment activities amid the normalisation of economic activity. On the external front, demand for Malaysia’s exports, particularly for E&E products, remained strong. Private consumption grew at a faster pace of 5.5% (4Q 2021: 3.7%), supported by higher spending on necessities and selected discretionary items such as restaurants and hotels, recreational services and household furnishings. The continued strength in consumer expenditure was primarily driven by the recovery in the labour market with higher wage and employment growth. Policy measures, such as Bantuan Keluarga Malaysia, also provided additional support to consumer spending. Public consumption grew by 6.7% (4Q 2021: 1.6%). The expansion was driven mainly by higher growth in supplies and services amid continued support from COVID-19 related expenditure, including vaccine procurement and logistics spending.

MANAGEMENT DISCUSSION AND ANALYSIS

OUTLOOK AND FUTURE PROSPECT (CONT'D)

Gross fixed capital formation (GFCF) registered a marginal growth of 0.2% (4Q 2021: -3.0%) as capital spending by both private and public sectors improved. By type of asset, machinery and equipment (M&E) investments grew by 12.0% (4Q 2021: 17.4%). Meanwhile, investments in structures and other assets declined by a smaller pace of 7.9% (4Q 2021: -15.6%) and 0.9% (4Q 2021: -3.3%) respectively. Private investment turned around to register a positive growth of 0.4% (4Q 2021: -2.8%), supported by capital spending in the services and manufacturing sectors. Investments in ICT-related equipment and machinery for manufacturing remained robust, as firms continued to embrace automation and digitalisation. Structures investment registered a smaller contraction, mainly supported by the non-residential segment. This reflects the gradual ramp-up of investment projects amid the reopening of the economy. Public investment declined at a smaller pace (-0.9%; 4Q 2021: -3.4%), underpinned by the improvement in General Government's fixed assets spending.

(Source: Developments in the Malaysian Economy, Economic, Monetary and Financial Developments in the Malaysian Economy in the First Quarter of 2022, Bank Negara Malaysia)

The Malaysian economy expanded by 7.1% in the first half of 2021. Growth is expected to continue in the second half of the year, particularly in the fourth quarter, as more economic and social sectors operate at full capacity. The expected growth trajectory aligns with the successful vaccination programme under the National COVID-19 Immunisation Programme (PICK) and various stimulus and assistance packages to support the people and revitalise the economy.

Overall economic growth is expected to expand between 3% and 4% in 2021. Continuation of the packages to combat the COVID-19 will have spillover effects and boost the economy in 2022. Hence, with strong economic fundamentals and a diversified structure, the domestic economy is forecast to expand between 5.5% and 6.5% in 2022. Nevertheless, the favourable outlook is predicated on other factors, including the successful containment of the pandemic, effective PICK implementation, and strong global economic prospects.

Against the backdrop of global uncertainties amid the COVID-19 outbreak, domestic demand remains resilient and continue to spearhead growth. After registering a contraction of 5.8% in 2020, domestic demand is projected to rebound to 3.1% in 2021, with private and public sectors' expenditure increasing by 3.5% and 1.6%, respectively. The recovery is driven by robust domestic demand performance in the first half of 2021, which expanded by 5% following low base effect in 2020 due to strict containment measures to curb the COVID-19 pandemic. The ongoing stimulus packages and economic assistance, such as Perlindungan Ekonomi dan Rakyat Malaysia (PERMAI), Strategic Programme to Empower the People and Economy (PEMERKASA), PEMERKASA Plus (PEMERKASA+) and PEMULIH, the gradual reopening of economic sectors and the recovery in external demand are expected to provide a lift to consumer and business sentiments.

Private consumption remained as the significant growth determinant and increased by 4.3% during the first half of 2021 attributable to improvements in disposable income arising from the gradual recovery in the labour market condition, accommodative interest rates, favourable commodity prices as well as ongoing economic stimulus packages and assistance. In the second half of the year, private consumption is projected to increase by 3.9%, following the gradual reopening of economic sectors. Overall, private consumption in 2021 is expected to expand by 4.1% supported mainly by the continued assistance and stimulus measures, such as wage subsidies, BPR, targeted moratorium, Special COVID-19 Assistance as well as i-Sinar and i-Citra assistance.

MANAGEMENT DISCUSSION AND ANALYSIS

OUTLOOK AND FUTURE PROSPECT (CONT'D)

Following the implementation of MCOs and lockdowns necessitated the need to work remotely using cloud services and video conferencing have become a new norm and created new opportunities for businesses. The Group has identified cloud and data centre services as an appropriate business with sufficient growth opportunities to potentially improve its financial condition and performance. Cloud plays a vital role in facilitating the rise of emerging technologies such as artificial intelligence and the Internet of Things (IoT). In line with the above, the Group had established a new data centre at Menara Lien Hoe in September 2018 to allow the Group to offer a broad range of cloud and data centre services. The Group has completed the private placement in July 2020 to raise fund to upgrade the data centre via the integration of an IXP, to further enhance the Group's cloud and data centres services offering and generate revenue growth. This represents a key step in the Group's plan to accelerate its overall business via the organic expansion of its cloud and data centre services. While the Group will continue to explore potential partnerships and investment opportunities to expand its cloud and data centre services, the Group also continues to search for organic growth opportunities in other business segments.

The Group has diversified into the business of trading of medical equipment in previous year and the Group has commenced the trading of medical equipment. The announcement of entering transition of endemic could potentially slow down the demand of COVID-19 test kits, nevertheless the Government still urged the public to continue to stay alert and perform test regularly. Meanwhile the Group is sourcing other medical equipment to increase the range of medical equipment. In the future, the Group anticipates that it may be able to leverage its existing cloud services, data centre and IT related services business, specifically its cloud computing and big data technologies, to enhance and complement its trading of medical equipment by creating a digital platform for the trading of medical equipment. The digital platform not only serves to widen the reach of its customer base through e-commerce channel for medical devices and equipment, but also captures and integrates data, facilitate the connectivity of medical devices and generates insights to improve medical devices, operational efficiency and healthcare outcomes. The integration of big data analytics in the trading of medical equipment segment allows the Group to reap business synergy by potentially generating further business opportunities, whilst improving its business process and reducing system costs.

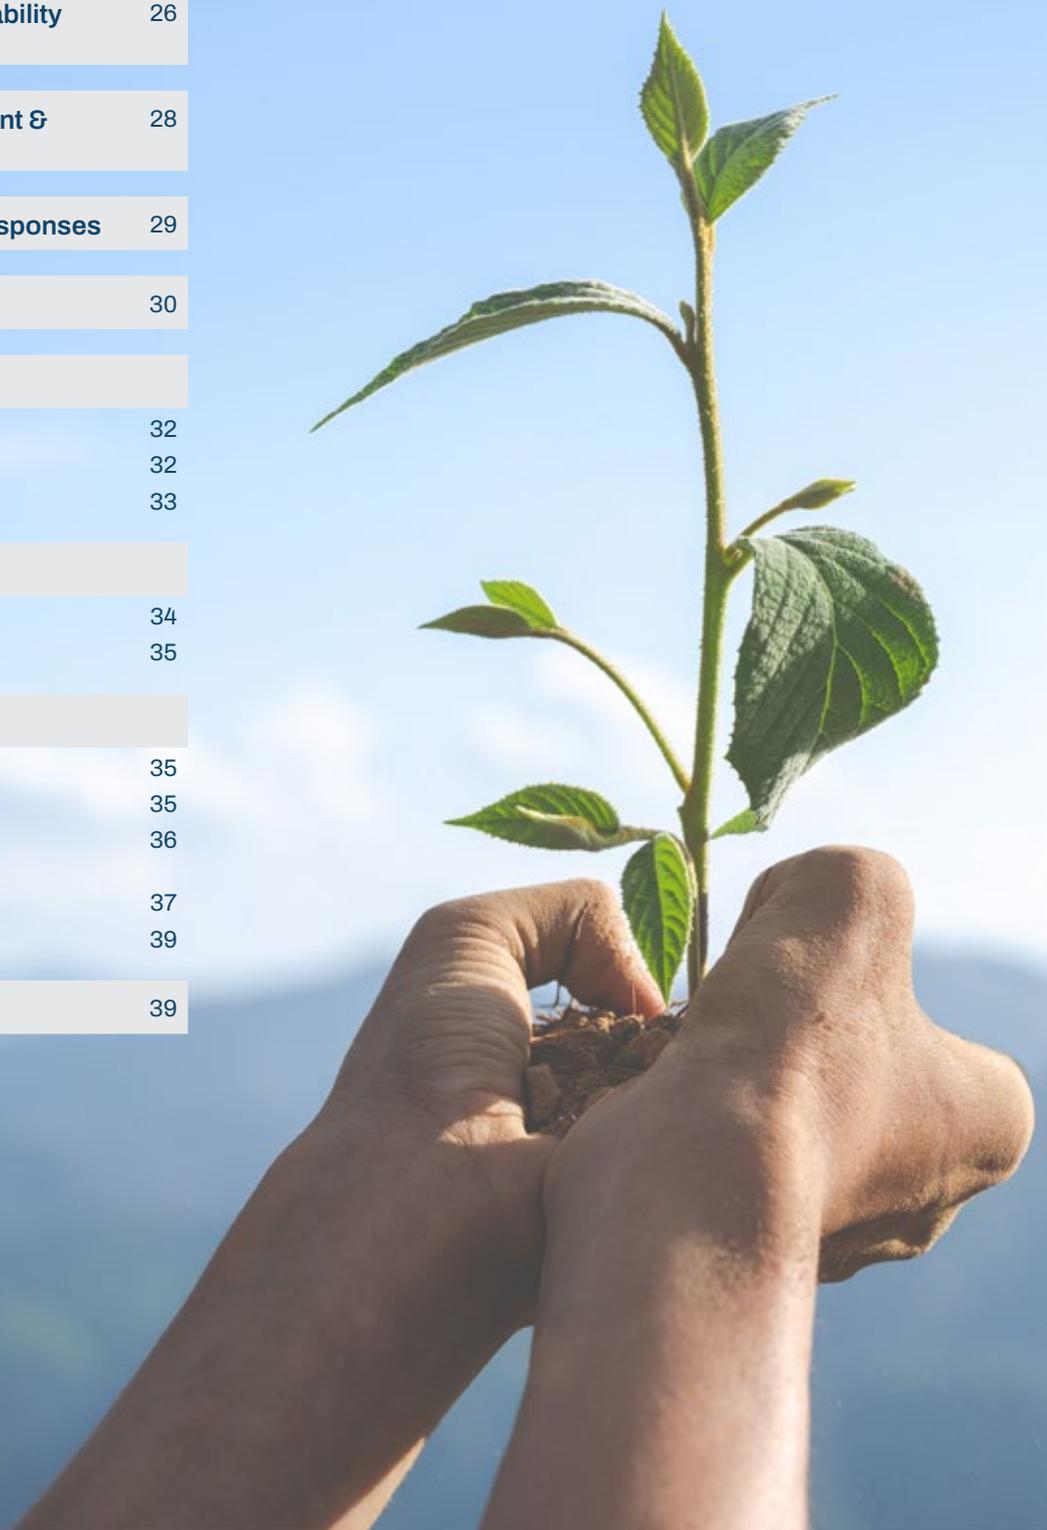

The Group is pleased to report that our investment into Agrocloud Sdn Bhd ("Agrocloud") is bearing fruit. Agrocloud's proprietary software using IoT for rice farmers called Rice Information Management System ("RIMS") has been launched in several pilot projects around the country. In the interest of food security, several government stakeholders have taken a keen interest in this development, culminating in proposals for several paid pilot projects in various areas of West Malaysia which are under discussion. The Group expects Agrocloud to reach commercial viability coming financial year cycle with its proprietary RIMS software being implemented as a Software as a Service ("SaaS") model. In addition, Agrocloud has also engaged the Cocoa Board of Malaysia and the Pepper Board of Malaysia to do likewise, offering a solution for digital and precision farming using IoT. The Group anticipates agrotech to be the driving force of revenue in the next few years which also dovetails with its focus in cloud services, data centre storage management and digitisation of industries.

“
 These coming years will be crucial to for the Group. Whilst we remain cautious over the outlook of the economy, the Group will continue to seek opportunities to expand the business.”

SUSTAINABILITY REPORT

ABOUT THE REPORT

The Report

Since the first Sustainability Report (“**Report**”) was first released in 2019, Key Alliance Group Berhad (“**KAG**”) has issued the Report for four consecutive years. The Report elaborates the Group’s concepts, practices and achievements of its sustainable development and social responsibility during the financial year ended 31 March (“**FYE**”) 2022 from the economic, environmental and social (“**EES**”) as well as governance aspects.

Scope of the Report

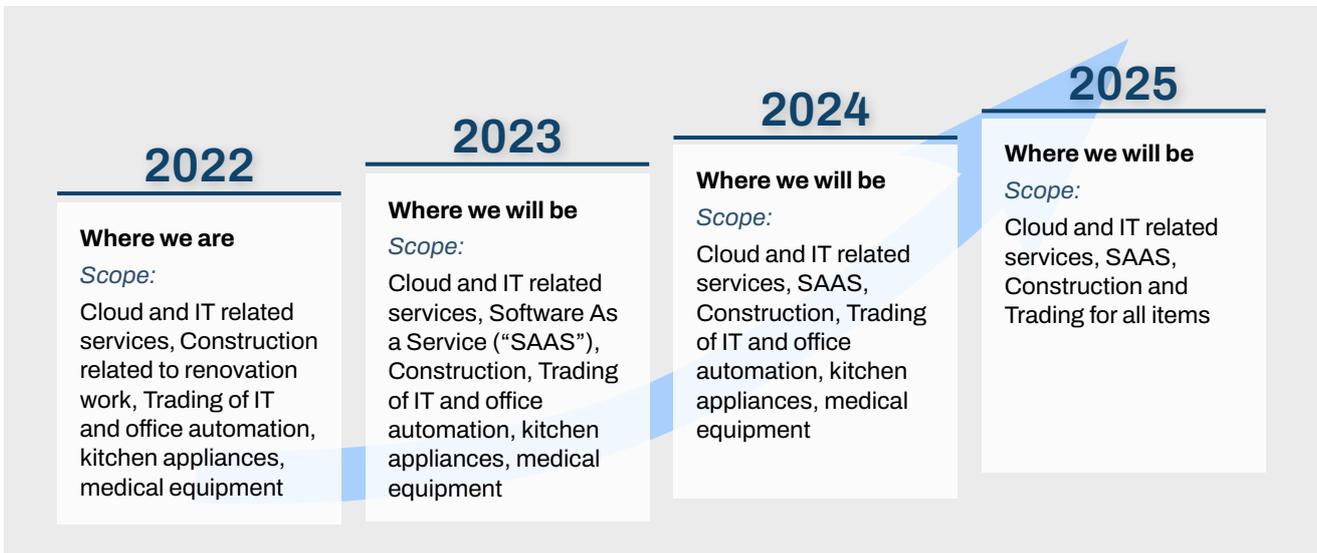

The Report covers KAG and its subsidiaries (“**the Group**”). Information disclosed in this Report encompasses our major activities related to cloud and IT related services, construction and renovation as well as trading, as shown below. Revenue from other business segments of the Group accounts for a very small percentage of total revenue and has a minimal impact on the overall performance of the Group, so it is not included in the scope of this Report.

The Report covers the period from 1 April 2021 to 31 March 2022. All information in the Report is disclosed from the Group level.

Road Map

We continue to prioritise our focus of sustainability framework on cloud and IT related services and construction related to renovation works as this remains the nucleus of the Group's sustainability efforts.

SUSTAINABILITY REPORT

ABOUT THE REPORT (CONT'D)

Reporting Principles

The Report is prepared in reference to the principles of:

- Bursa Malaysia Securities Berhad's Sustainability Reporting Guide (2nd Edition);
- Listing Requirements of Bursa Malaysia Securities Berhad [Paragraph (30) of Appendix 9C of the ACE Market Listing Requirements (supplemented by Guidance Note 11)]; and
- Sustainability Reporting Standards ("**GRI Standards**") core option published by Global Reporting Initiative (GRI).

The Report follows the reporting principles of:

MATERIALITY

The Group identifies key EES issues through stakeholder engagement and materiality assessment

QUANTITATIVE

The Report states the Group's key environmental and social KPIs on a quantitative basis; quantitative information is accompanied by a narrative, explaining its purpose, impacts, and giving comparative data where appropriate

BALANCE

The Report provides an unbiased picture of the Group's environmental and social performance

COMMITMENT TO SUSTAINABILITY DEVELOPMENT

Sustainability has always been a pillar of KAG's culture as we strive to achieve continuing growth and profitability in a safe, caring and sustainable environment. We recognise that sustainability practices are one of the important criteria in investors' investment decisions.

In line with Bursa Malaysia Securities Berhad's Sustainability Reporting Guide (2nd Edition), the Group's sustainability practices are to ensure that EES risks and opportunities are tied in with our governance framework and social responsibilities. This enables our corporate success and behaviour to be judged and measured by the public.

In this respect, our mission, as a responsible corporate citizen, is to ensure high standards of governance across our business to promote responsible business practices, manage environmental impacts, and meet the social needs of the community in which we operate, which is in line with our corporate culture.

OUR POLICY ON SUSTAINABILITY

- ▶ Embrace Sustainability in Organisation Culture
- ▶ Capitalise on Latest Technology and Information
- ▶ Strengthen the Core Businesses
- ▶ Build Regional Connectivity
- ▶ Foster a High Performance Partnership

The Group continued success in maintaining a sustainable business and generating long-term shareholders' value is influenced by several internal and external factors. Each material factor presents unique risks and opportunities to our organisation and is a key consideration in our approach to strategies formulation and execution as it substantially influences the assessments and decisions of our stakeholders. The Board regularly reviews these factors to assess their impacts on our business model over the near, medium and long term.

GOVERNANCE FRAMEWORK

Vision, Mission and Core Value

Our vision and mission are the cornerstones of our commitments to the sustainability of the Group. Our core values are the guiding principles that we uphold in day-to-day operations and conduct ourselves to support our vision and shape our culture.

Corporate Governance

Sustainability is embedded in our organisational approach and is led from the top. The Board of Directors ("**Board**") plays a vital guidance and oversight role in advancing sustainability across the organisation with the assistance from the Chief Executive Officer ("**CEO**"), Managing Director ("**MD**") and Head of Departments ("**HOD**") to oversee the implementation of the organisation's sustainability approach and ensure that key targets are being met. The Board should have an overall fluency in sustainability so that they can connect sustainability issues to the strategic decision making for the business. The Board must have a basic understanding of sustainability to ask the right questions and ultimately tie sustainability back to the business and strategic decision making.

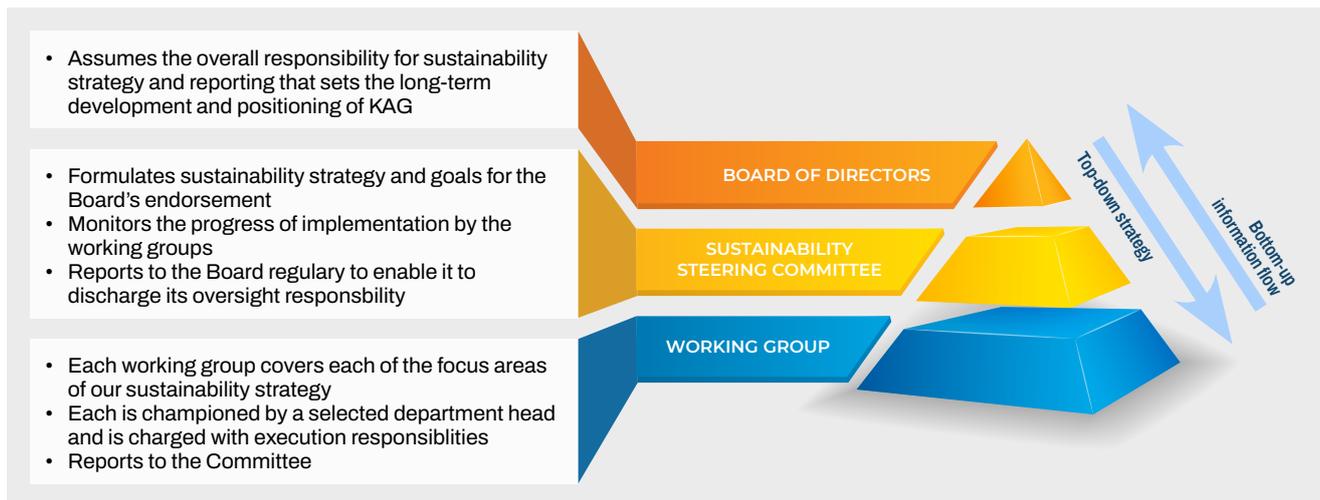

Hence the Group will be forming a Sustainability Steering Committee ("**the Committee**") in which will directly accountable to the Board in the coming financial year. The Committee will be chaired by MD and with different department heads as members. The Committee will meet the Board half yearly to deliberate on the focus areas of our strategic sustainability developments, its direction and goals. The driving principle behind is to develop specific policy recommendations, enhance efficiency, minimize costs and engage staff in sustainability.

For each of us to pull the weight to integrate sustainability into our daily business operations, our sustainability governance structure also aims to create accountability for sustainability at every level.

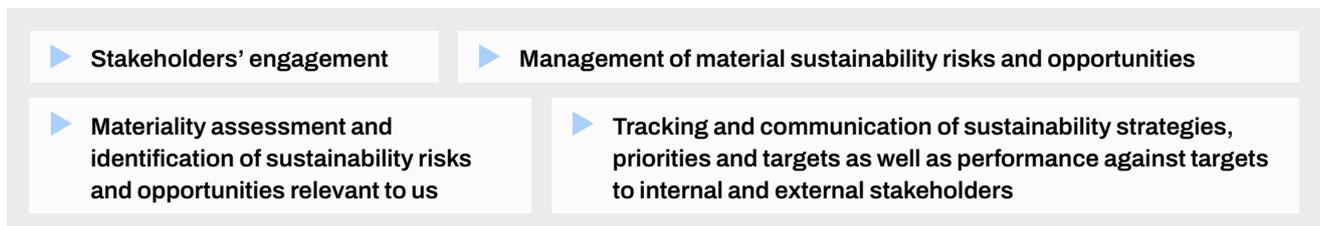

SUSTAINABILITY REPORT

GOVERNANCE FRAMEWORK (CONT'D)

Corporate Governance (cont'd)

The responsibility of the Committee will be to promote and embed sustainability in the Group includes overseeing the following:

The Committee will cascade sustainability matters to their respective teams in the form of policies, internal memos and updates to the Group's Standard Operating Procedures ("SOPs") to continue embedding sustainability in every aspect of the Group's daily operations. In addition to that, internal and external stakeholders will be informed of the Company's sustainability strategies, priorities as well as targets and performance against target through engagements and disclosures in the Company's Annual Report.

The Board also acknowledges that risk management and internal controls are integral to our corporate governance and it is responsible for establishing a sound risk management framework and internal control system as well as to ensure their adequacy and effectiveness. The review of the adequacy and effectiveness of the risk management framework and the internal control system is delegated by the Board to the Audit and Risk Management Committee.

The Group's performance is also tracked with the assistance of the Nomination and Remuneration Committee. Performance evaluation of the Board and Senior Management include a review of the performance of the Group in addressing the Group's material sustainability risks and opportunities.

Ethical Business Practices and Anti-Bribery & Corruption Policy

The Board recognises the importance of ethical business conduct across the operations to maintain our stakeholders' trust. Our businesses are conducted with integrity through good governance as mentioned by the Group's Code of Business Conduct and Ethics.

SUSTAINABILITY REPORT

GOVERNANCE FRAMEWORK (CONT'D)

Ethical Business Practices and Anti-Bribery & Corruption Policy (cont'd)

Good governance is the bedrock of our business, led by ethical business practices and integrity. We have embedded the highest standards of governance in our business not only by complying with the law but through processes and directives that continue to reinforce the principles.

The Group has established and adopted Anti-Bribery & Corruption Policy as we are committed to a zero-tolerance against all forms of bribery and corruption. We are committed to conduct our business ethically, as well as in conformity with all applicable laws. This Anti-Bribery & Corruption Policy is applicable to the Board, our employees as well as any Third Parties associated with us.

The Group inducts all new employees on the Company's Anti-Bribery & Corruption Policy as well as Code of Business Conduct and Ethics, during the dedicated in-house orientation programme. Any updates to the Employee Handbook are done through the internal network and all employees have to sign off on the Company's policies on confidentiality and conflict of interest, integrity and prevention of staff fraud once they have attended the Group's internal briefings.

RESPONSES TO SUSTAINABLE DEVELOPMENT GOALS ("SDG(s)")

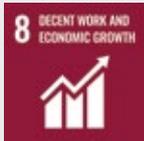

In September 2015, all one hundred and ninety-three (193) United Nation member states adopted "Agenda 2030" - a plan to solve the world's most pressing EES problems over the next fifteen (15) years. It consists of seventeen (17) goals and one hundred and sixty-nine (169) targets that cover a broad set of challenges such as economic inclusion, geopolitical instability, depleting natural resources, environmental degradation and climate change. Malaysia is committed to "Agenda 2030" through its SDG Roadmap.

We support the SDGs, recognize their strategic importance to our business and to the world, hence we are committed to helping achieve them. The Group has well-established programs to ensure we operate sustainably and responsibly, following our long-standing commitment to ethical corporate citizenship and promoting sustainability in all our activities. All the SDGs are relevant to our operations to varying degrees and we are already contributing to many of these goals. We focus on supporting two goals where we can make the greatest contribution:

SUSTAINABILITY REPORT

RESPONSES TO SUSTAINABLE DEVELOPMENT GOALS (“SDG(s)”) (CONT’D)

PROMOTE SUSTAINED, INCLUSIVE AND SUSTAINABLE ECONOMIC GROWTH, FULL AND PRODUCTIVE EMPLOYMENT AND DECENT WORK FOR ALL

One of the most obvious ways a business like KAG can contribute to the SDGs is by helping to stimulate economic growth, by growing our own business. As a fundamental principle, growth must not come at the expense of the planet or people – especially vulnerable employees. Four out of the ten material Sustainability Matters that the Group has identified are in relation to our employees because our employees are essential to KAG’s success.

We work to maintain a productive and healthy organisation by employing and developing talented people, galvanizing talents to reach their full potential, continually strengthening our leadership and cultivate a high-performance culture by fostering strong engagement. We promote a safe and healthy workplace for our people and provide equal opportunity in recruitment, career development, promotion, training and reward for all employees, regardless of gender, ethnicity, or physical ability so as to nurture a vibrant and diverse workforce with robust training and succession plan.

As COVID-19 has affected all areas of business throughout the world since 2020, it has become a social responsibility for KAG Group to act accordingly. It is our Group’s immediate priority to protect the health and safety of our employees. We practice social distancing with at least one metre and enhance cleaning measures such as more regular cleaning of common touchpoints with disinfectant.

We encouraged staff to be vaccinated and as of 31 March 2022, 100% of our employees are fully vaccinated as the Group has offered employees vaccination allowance once they have completed two doses of vaccination and we encourage all our employees complete their booster doses. We have also provided self-test kits to our employees to perform test twice a week as we continue to be vigilant while providing a safe workplace for our employees.

We aim to work with suppliers that behave in an economically, environmentally and socially responsible manner. Our approach to suppliers is clearly set out in our Code of Business Conduct and Ethics. These principles cover requirements such as no corruption or bribery, human rights and fair labour practices, safe and healthy working environment as well as compliance to environmental laws and regulations. Our suppliers are critical to our ability to run our business. They are involved in almost every step of our operations and are often key to achieving successful outcomes and having a positive impact on the community.

BUILD RESILIENT INFRASTRUCTURE, PROMOTE INCLUSIVE AND SUSTAINABLE INDUSTRIALIZATION AND FOSTER INNOVATION

In this competitive business world and digital era, offering excellent customer service has become a necessity for businesses to stay ahead of the curve. Customer satisfaction is one of the major factors that contribute to the business success. KAG adheres to the “consumer-oriented” business concept. We are constantly offering variety of products and services to ensure higher satisfaction from our customers. We strive to differentiate ourselves with exceptional customer service by setting the bold target of 15 minutes response time from our Network Operation Centre (“NOC”) Team.

Cybersecurity and privacy are core elements of customer trust. Our IT segment is accredited by ISO 27001 – Information Security Management System (ISMS) as well as Payment Card Industry Data Security Standard (PCI DSS) to ensure compliance with cyber security and confidentiality requirements. We also conduct our business in compliance with the Malaysian Personal Data Protection Act 2010 (“PDPA”)’s guidance with the collection, use and disclosure of personal data.

SUSTAINABILITY RISKS AND RESPONSES

The Board understands the importance of addressing sustainability risks and opportunities in an integrated and strategic manner to support the Group's long-term strategy and success. The Board proactively considers sustainability issues when overseeing the planning, performance and long-term strategy of the Company, to ensure the Company remains resilient, is able to deliver durable and sustainable value as well as maintain the confident of its stakeholders.

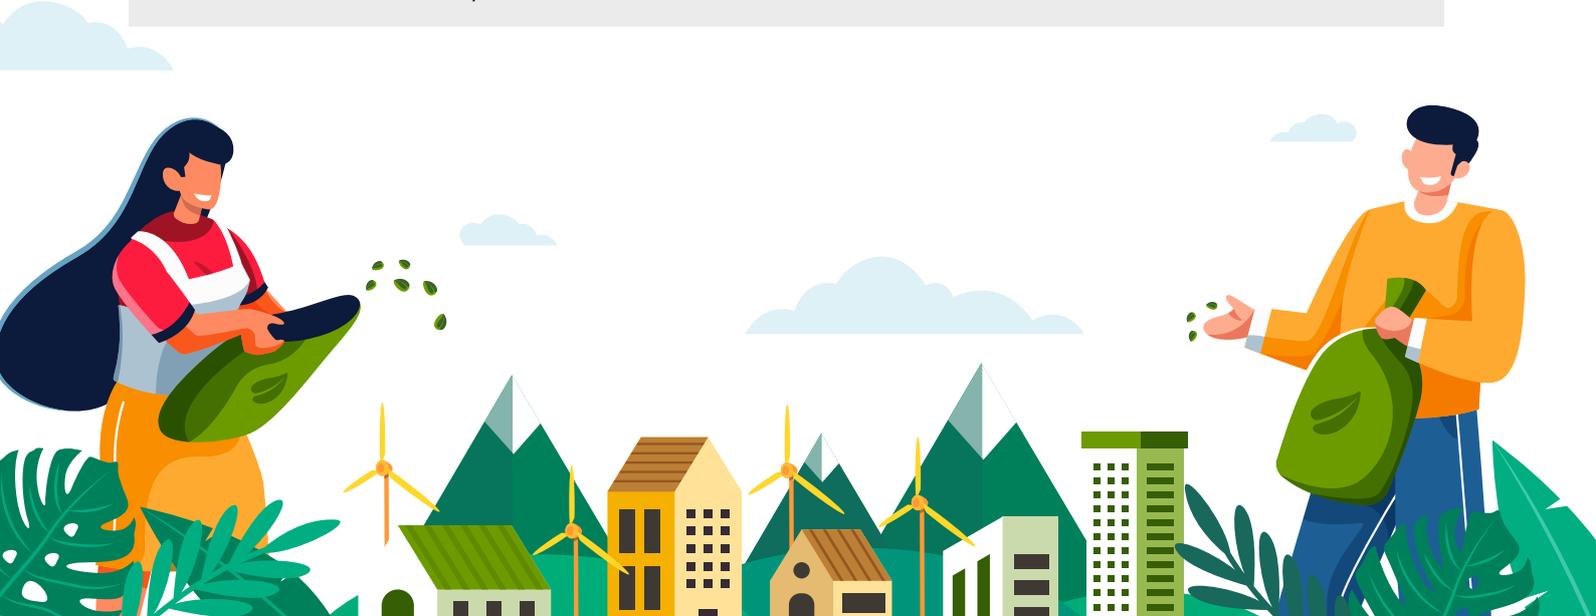

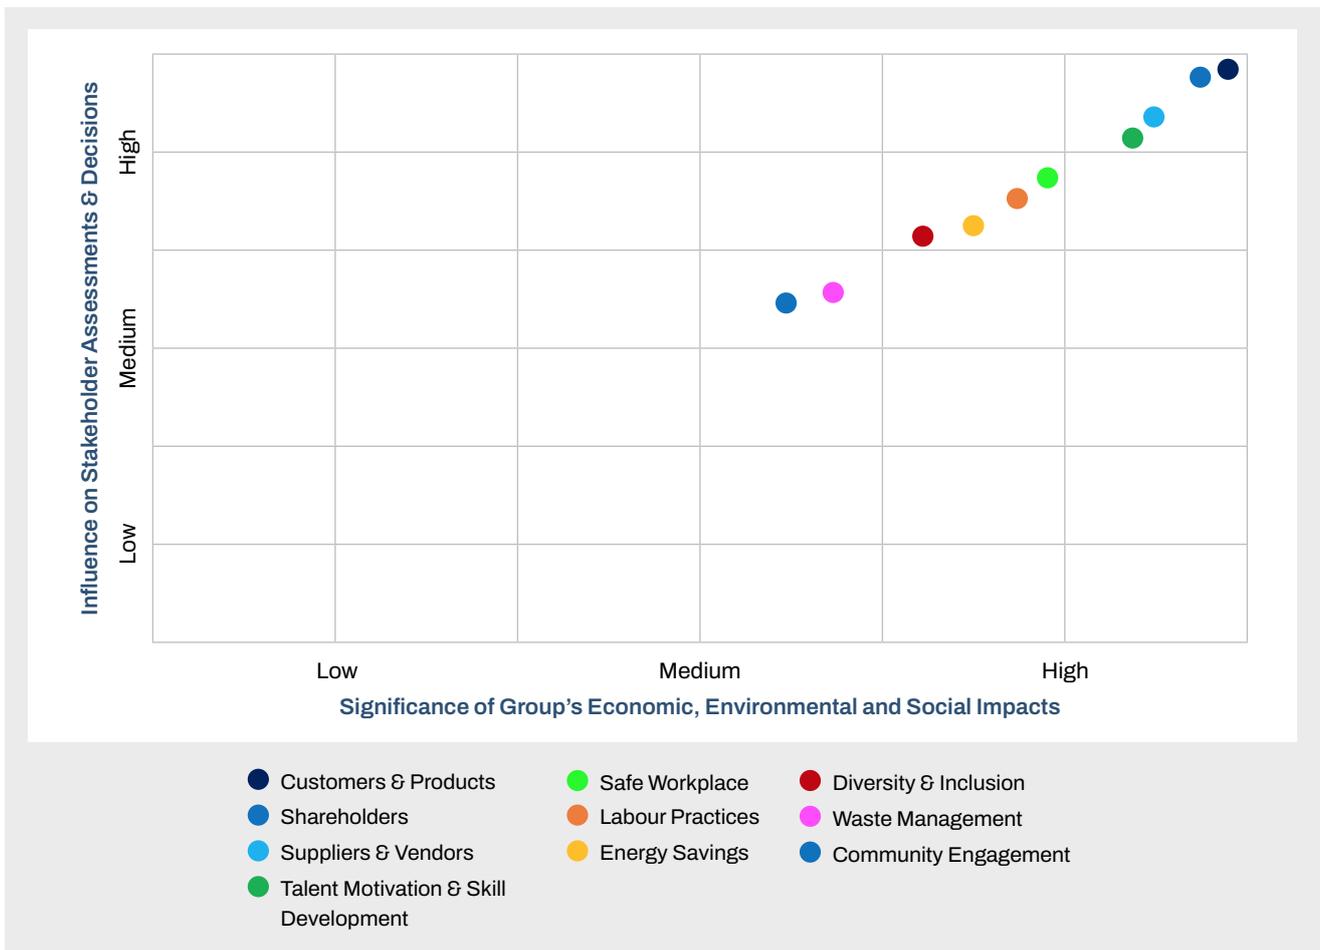

RISK	Rapid development of the market	Public health emergencies	Staff engagement
RISK ANALYSIS	<p>Technology advancement: COVID-19 pandemic has accelerated the market need for cloud and co-location solutions. Failing to keep up with the rapid development of the market will result in the technology obsolescence risk.</p>	<p>Public health emergencies, such as COVID-19 outbreak in early 2020, have severe impact on public health. The economy uncertainty brought by COVID-19 continues to cloud the growth of Malaysia's economy. How to respond to public health emergencies reflects how capable an enterprise is to manage and operate in such situations. If an enterprise lacks management capabilities and there are no complete safety management structure and emergency procedures and measures, it cannot stabilise the operation in face of emergencies.</p>	<p>Staff engagement: Transforming staff to evolving needs and supporting employment with limited resources without compromise is challenging.</p> <p>Workplace wellness: Expectation on work-life balance and workplace health and safety are even higher after the pandemic.</p>
RISK RESPONSES	<p>The Group strives to keep up with the needs of customers. Our product development team works closely with suppliers to keep abreast of the latest technology products and solutions.</p> <p>Tapping into the remarkable growth of social commerce, we also actively engage in multiple social media platforms like Facebook, etc. to interact with customers such as sharing of new subscription package, new promotions and etc.</p>	<p>In FYE 2022, the Group continued to implement strict safety measures and SOPs to ensure that everyone could return to work safely.</p> <p>We encouraged staff to be vaccinated and as of 31 March 2022, 100% of our employees are fully vaccinated and we are in the process of ensuring all our employees complete their booster doses. We also have been providing self-test kits to our employees as we continue to be vigilant and encourage adherence to SOPs, while providing a safe workplace for our employees.</p>	<p>The Group continues to cultivate a high-performance culture and nurture a vibrant and diverse workforce with robust training and succession plan.</p>

ECONOMIC

Shareholders

Our shareholders are the ultimate owners of the Company and as such, the Group's healthy and sustainable financial performance and position is one of the material sustainability matters to our Group. We strive to achieve economic sustainability growth for our shareholders.

The Group believes that focusing on financial sustainability is critical. The Group's basic principle is that long-term profitability and shareholders' value are ensured by taking into account the interests of stakeholders, such as shareholders, employees, suppliers and communities as a whole.

To promote transparency, our shareholders are entitled to timely and quality information on the Group's financial performance and position. Apart from the Annual General Meeting where shareholders are encouraged to ask questions to the Board and Executive Management on business operations, and the financial performance and position of the Group, the Group's corporate website at www.kag.com.my also provides a link on investor relations where quarterly and annual financial statements, announcements, financial information, annual reports, circulars/statements to shareholders and other pertinent information are uploaded on a timely basis when available.

Customers & Products

The Group is committed to see that not only our shareholders' interests are taken care of but also those of our customers and suppliers. For our customers, we will supply and provide quality products and services which meet their satisfaction and expectations through continual improvements in technology and processes as the case may be.

In order to ensure that our products are of consistent standard and quality, our IT segment is accredited by ISO 27001 – ISMS to ensure compliance with cyber security and confidentiality requirements. The compliance to ISO 27001 helps to achieve the following benefits:

- Protect data digitally or in cloud
- Increase the resilience to cyber attack
- Respond to evolving security threats
- Improve company culture through embracing security as part of everyday working practices

Customers & Products (cont'd)

Cybersecurity and privacy are core elements of customer trust. When customers choose to purchase our products or services, they have cast their vote of confidence in the quality of our products or services. To reciprocate this trust, we serve wholeheartedly to satisfy their needs and expectations by ensuring the data security and privacy are always protected.

We go the extra mile to ensure our IT environment and data centre are fully protected with trustworthy cybersecurity appliances. Vulnerability assessment on our IT environment is performed regularly to ensure our system is not vulnerable to any cyberattack. To prevent the risk of data loss, the Group has in place a robust data backup and redundancy plan as well as disaster recovery procedures. In the year under review, there have been no incidence or breach from malware, ransomware, hacking or other cyberattacks on its database.

We endeavour to provide high-quality and worry-free services to our customers hence the Group also in compliance with PCI DSS in order to ensure that the acceptance, processing, storing or transmission credit card information maintain a secure environment.

In addition, we abide by the prescribed laws in the PDPA, which mandates the protection of the private data of our customers, employees and business partners. We implement only the best practices when it comes to privacy and security controls so that our customers, employees and business partners can rest assured that their data are safe and secured.

We conduct our business in compliance with the PDPA's guidance with the collection, use and disclosure of personal data. We have also safeguarded against external attempts to breach any confidential information. There were no reported cases of corruption and non-compliance with Personal Data Protection Act 2010 in FYE2022.

The COVID-19 pandemic and the corresponding rise in both remote work and education increase the demand for cloud and IT related services. As one of the market leaders in this industry, we possess teams of well-equipped employees with industry knowledge who are able to manage and deliver customers' expectation. We are aware that the use of the new technologies to improve our business processes. In this regard, we endeavour to keep abreast with more technological advances and innovations in the cloud and IT related services.

We have adopted an impartial feedback mechanism to address customer complaints and manage our relationship with them. The periodic interaction with key customers during service contract renewals not only ensure the Company's service records are clean but also enables product and service excellence.

In this competitive business world and digital era, offering excellent customer service is a necessity for businesses to stay ahead of the curve. Customer satisfaction is one of the major factors that contribute to the business success. KAG adheres to the "consumer-oriented" business concept. We are constantly offering variety of products and services to ensure higher satisfaction from our customers. We strive to differentiate ourselves with exceptional customer service by setting the bold target of 15 minutes response time from our NOC Team.

Suppliers & Vendors

We have built a competent pool of suppliers based on integrity, trust, and reliability. As such, we have maintained good long-term relationships with existing suppliers whom have adapted well to our working culture, integrated sustainability measures in their operations and are willing to go the extra mile in terms of quality and services.

We value the long-term cooperation with our suppliers, which has resulted in better efficiency, reliability of delivering of service or product. Periodic assessments are conducted to ensure that the quality of products and services are on par with our requirements and standards. New suppliers are required to ensure quality of their products and services which are based on the quality standards expected by our customers.

To our suppliers, we are committed to enhance our processes and engage with our suppliers to identify and manage risks, increase productivity and efficiency within the supply chain, underpinned by values of integrity and transparency. We look to create value, by looking for opportunities to collaborate and to share best practices with our suppliers.

We promote sustainable supply chain by embedding this into the Group's value chain creates a sense of corporate responsibility on resource management. We trust operating a sustainable business will enable us to serve our customers for generations to come.

We encourage our suppliers to adopt responsible and sustainable practises with respect to a range of environmental and social issues outlined in our Code of Business Conduct and Ethics. This process gives preference to suppliers which integrate considerations for environmental conservation, protection of endangered species, protection of labour rights and welfare, equal opportunities, no corruptions or bribery and no pending environmental issues.

The Group conducts regular inspection on services and products received from suppliers. On top of that, the Group conducts annual performance evaluation on suppliers on the criteria mentioned above. If the suppliers fail inspection or annual review, we will terminate sourcing from them immediately.

The Group focuses its renovation activities on local contractors to support local job creation and price-competitiveness. In the period under review, the Group has successfully utilised most of their budgets to locate, evaluate and engage local contractors with a strong service record, free from reputational issues and capable of turning around high-quality work at agreed schedules of delivery.

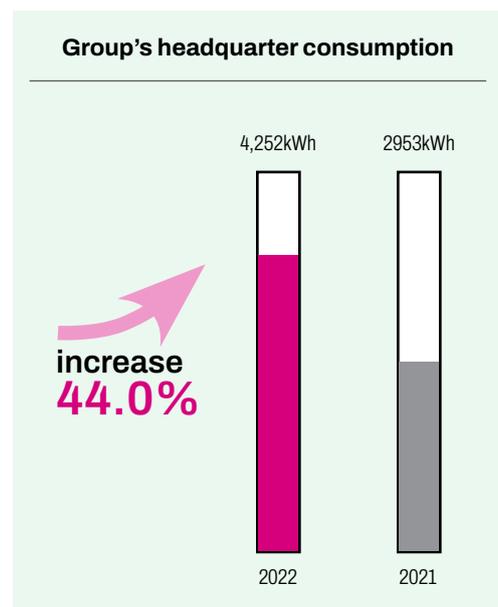

ENVIRONMENT

Energy Savings

The global commitment and acceleration of efforts to transition to a net zero economy. We have evaluated our operations to enhance energy efficiency to reduce our carbon footprint to support cleaner and sustainable growth. We aspire to protect the environment by integrating environmental considerations into our decision-making process. We implement appropriate measures to advance energy efficiency to minimise the impacts on the environment brought about by our daily operations.

In FYE 2022, the Group's headquarter consumption stood at 4,252kWh amounting to RM77,834 with an increase in usage of 44.0% from 2,953kWh in FYE 2021 due to more stringent movement restriction in FYE 2021 where we have kept the minimum number of employees to attend to work during the Movement Control Order in FYE 2021.

Our initiatives to reduce our energy consumption every year are we encourage the temperature setting of air-conditioning system of all our office places are within the range of 22-25 degree Celsius. Apart from that, we switch off unnecessary ventilation, air conditioning systems, lighting when not in use and during non-business hours and the most importantly, our data centre is designed and built in modern power efficient.

Waste Management

To ensure sustainable consumption and production patterns, we are committed to reduce consumption and to responsibly use resources available to it. Paper recycling initiatives are already in progress by encouraging the employees to prioritise electronic means to share and store documents, and to reduce printing or photocopying, otherwise, to use double-sided printing. Additionally, other materials such as furnishing, and fixture are recycled or reused where possible.

SOCIAL

Safe Workplace

The Group believes that the safety and well-being of its employees are the foundation of its success. Hence, we strive to provide a safe and healthy environment for our employees and to ensure safe practices in all aspects of our business operations. The Group has in place a policy that highlights our commitment to:

- ensure compliance with laws and regulations in relation to occupational safety and health; and
- promote a culture where all employees share the commitment to prevent harm to the safety and health of our employees, contractors and the general public.

As COVID-19 has affected all areas of business throughout the world since 2020, it has become a social responsibility for KAG Group to act accordingly. It is our Group's immediate priority to protect the health and safety of our employees. We practice social distancing with at least one metre and enhance cleaning measures such as more regular cleaning of common touchpoints with disinfectant.

We encouraged staff to be vaccinated and as of 31 March 2022, 100% of our employees are fully vaccinated as the Group has offered employees vaccination allowance once they have completed two doses of vaccination and we encourage all our employees complete their booster doses. We have also provided self-test kits to our employees to test twice a week as we continue to be vigilant while providing a safe workplace for our employees.

Against the backdrop of COVID-19 pandemic, we continue to strive building a high-energy team while navigating the storms of change. We start to use various virtual meeting platform like Webex and Zoom Meeting as our new means of engagement with our employees to minimise physical meeting.

We have come out with a business continuity plan that helps to minimise the impact on business and facilitate a speedy resumption of activities if the business has been forced to scale back or close during the pandemic. We published safety notices at all our renovation sites that outlined the best practices for renovation sites in order to maintain the health and safety of all contractors required to perform duties during the COVID-19 crisis.

Labour Practices

We are committed to provide and respect fundamental human rights and safeguard against violation of human rights. We guarantee an anti-discriminatory and anti-harassment workplace, one that is safe and healthy and above all, ethical in conduct. Employees are not restricted from unionising and are afforded the freedom of association per local laws and practice.

In addition to this, all employee benefits provided by the Group is above minimum statutory requirements and includes healthcare and insurance coverage, leaves, statutory payment and career development bonuses. Remuneration packages, while strictly private and confidential, are determined upon the employees' experience, expertise, qualifications and job grade.

Talent Motivation & Skill Development

The Group recognises that employees are our greatest assets hence we proactively provide opportunities for growth and development for talent in the organisation through targeted development plans and succession planning. Ensuring our long-term sustainability, we continuously invest time and effort in recruiting (internal and external), upskilling, engaging and rewarding talents/employees of the organisation accordingly.

The Group also recognises that the Industrial Revolution 4.0 will place pressure in organisations to continuously upskill and reskill our workforce, to stay relevant and productive. Employees are encouraged to attend internal or external training or pursue professional development to enhance their knowledge and skill for career enhancement and personal development, human resource management, technical skills, and others. Our technical team is encourage to participate in technology partner events or forum to keep abreast with the latest technology development.

As part of the Group's talent management pipeline, the Group supports internships by partnering local institutions of higher learning to place their undergraduates within departments relevant to their studies. As at 31 March 2022, a total of three (3) interns from various disciplines joined the Group for real-life work experiences.

For critical and leadership roles, succession planning is vital to our long-term performance as part of our Group's sustainability move. Our Nomination Committee will review the Group's human resources plan including the succession management framework and activities, human resources initiatives such as jobs and salary review, and the annual manpower budget. The succession planning across the Group is implemented by stages where the training program is designed specifically for management staff.

We review remuneration package annually which is linked to job responsibilities and task goals of employees to motivate employees. The remunerations of the employees of the Group are no less than the minimum statutory requirements. The Group regularly evaluates the reasonableness of employees' wages and review the wages each year according to the personal and operation performance and the market salary.

In addition to this, all employee benefits provided by the Group includes healthcare and insurance coverage, leaves, statutory payment and career development bonuses. Remuneration packages, while strictly private and confidential, are determined upon the employees' experience, expertise, qualifications and job grade.

For many years, we have recognised the importance of engaging with our workforce. Employees' engagement is important to an organisation because it motivates employees to do their best. We consider effective engagement a key element of the Company's ability to create value as we recognise that our people are our greatest asset. Management regularly engages with the workforce through a range of activities such as festive celebrations with lucky draw, birthday celebration etc.

Diversity and Inclusion

Diversity refers to the differences in workforce by gender, age, ethnicity and disability. This measure is considered across the Board, from the Directors to the Management and the rest of the workforce.

In the appointment and recruitment process, we pride ourselves being an employer that provides equal opportunities and continuously seek to promote it regardless of religious belief, age, marital status, gender, family status or any disability. Our commitment in that respect applies to all areas of the working environment, all employment activities, resource allocation and all employment terms and conditions. Every employee is given an equal opportunity to rise up in their careers through hard work and dedication.

We draw strength from the diversity and inclusiveness that is prevalent in our workplace. As at 31 March 2022, the total number of employees stood at 72 employees, of which 41% is female and the remaining 59% is male.

The Directors are cognisant of the ongoing initiative to increase female representation in the boardroom and are looking into increasing female representation should the right director be found.

Having a diverse team of employees, across age, gender and industry experience, encourages open-minded dialogues, broadens our positive influence and reach, helps bridge gaps, and brings in new perspectives and strategies.

Aside from this, we also ensure that the welfare and wellbeing of senior staff with the age over 60 are not neglected. It is a commitment by the Group to provide employment opportunities to them ever since we commenced our business operations, and as at 31 March 2022, approximately 1.4% of the Group's workforce is over the age of 60. We acknowledge that the senior staff could contribute positively to the Company even after their retirement and that the invaluable experience, skills and mastery in their industries can still be gainfully utilised. In this respect, the Group is proud that it has been a strong source of employment for these senior staff for past years. This has raised the quality of life of these senior staff as there is greater income stability and consequently, better and improved living standards and conditions.

As at 31 March 2022, the Group had a total staff strength of 72 personnel, an expansion of 28.1% from 1 April 2021's 57 personnel. The following charts depict the composition of the Group's human capital in 2022.

Community Engagement

As we are deeply rooted in the community we operate, we actively engage in community outreach programmes and activities. We are proud of having the privilege to serve various segments of the community towards providing for social empowerment and helping to make a positive difference for people across all walks of life. We have from time to time made various donations and contribution.

In view of the rise in the number of COVID-19 cases in Malaysia early this year, the Group with its current exposure in the medical trading business has donated a high flow nasal cannula to a local hospital to aid in the treatment of COVID-19 patients. The Group has also been actively providing face masks donation from time to time.

OUR COMMITMENT

As a responsible corporate citizen, the Group shall endeavour to undertake sustainable and responsible practices to add value to sustainable business growth, environmental stewardship and social responsibility.

CORPORATE GOVERNANCE (“CG”) OVERVIEW STATEMENT

The Board of Directors (“the Board”) of Key Alliance Group Berhad (“the Company” or “KAG”) recognises and is committed to ensure the importance of good CG is being practiced by the Company and the subsidiaries (“Group” or “KAG Group”) in order to safeguard stakeholders’ interests as well as enhancing shareholders’ value.

This CG Statement sets out the manner in which the Group has applied and the extent of compliance with principles and recommendations as set out in the Malaysian Code on Corporate Governance (“MCCG”), the relevant chapters of the ACE Market Listing Requirements (“Listing Requirements”) on CG and all applicable laws and regulations throughout the financial year ended 31 March 2022 (“FY2022”).

The CG report which provides the manner in and the extent in which the CG framework has applied by the Group throughout the FY2022.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS PART I – BOARD RESPONSIBILITIES

1. BOARD’S LEADERSHIP ON OBJECTIVES AND GOALS

1.1 Functions, roles and responsibilities of the Board

The Board leads KAG and plays a strategic role in overseeing the Group’s objectives, direction, goals and overall corporate governance to ensure that the strategic plans of the Group are implemented and accountability is monitored well.

The following are the key matters of the Company reserved for the Board’s approval:

- Reviewing and approving the financial results, strategies, business plan and policies;
- Overseeing and evaluating the conduct of the Group’s businesses;
- Ensuring competent management;
- Ensuring the establishment of risk management framework and policies;
- Reviewing the adequacy and integrity of the internal control systems and management information systems which include sound system of reporting and in ensuring regulatory compliance with applicable laws, regulations, rules, directive and guidelines; and
- Acquisition and disposal of companies within the Group.

The Board reserves certain powers for itself and has delegated certain matters, such as the day-to-day management of the Group to the Managing Director. The Non-Executive Directors including the Chairman are responsible for bringing independent judgment and scrutiny to decisions taken by the Board and providing objective challenges to Management.

The Non-Executive Directors do not participate in the day-to-day management of the Group and do not engage in any business dealing or other relationship with the Group. In this manner, the Non-Executive Directors fulfil a crucial corporate accountability role as they provide independent and objective views, opinions and judgement on issues being deliberated and act in the best interest of the Group, its stakeholders and shareholders, including minority shareholders. There is a schedule of key matters reserved to the Board for its deliberation and decision to ensure the direction and control of the Group are in its hands.

PART I – BOARD RESPONSIBILITIES (CONT’D)

1. BOARD’S LEADERSHIP ON OBJECTIVES AND GOALS (CONT’D)

1.1 Functions, roles and responsibilities of the Board (cont’d)

In discharging its function and responsibilities, the Board has established and approved to the respective Terms of Reference (“ToR”) for the relevant Board Committees where specific powers of the Board are delegated to the relevant Board Committees. The Board Committees include the following:

- Audit and Risk Management Committee (“ARMC”);
- Nomination Committee (“NC”);
- Remuneration Committee (“RC”); and
- Share Issuance Scheme (“SIS”) Committee (“SISC”).

Although specific powers are delegated to the Board Committees, the Board continues to keep itself abreast of the actions and decisions taken by each Board Committee, including key issues via reports by the Chairman and/or Chairperson of each of the Board Committees, as well as the tabling of minutes of all Board Committee meetings, to the Board at Board meetings. The Board reviews the respective Board Committees’ authority and ToR from time to time to ensure their relevance and enhance its efficiency. The ultimate responsibility for the final decision on all matters, however, lies with the Board of Directors as a whole.

The ToR of each of the Board Committees as approved by the Board is available on the Company’s corporate website at www.kag.com.my.

The Board owes fiduciary duties to the Company and, while discharging its duties and responsibilities, shall individually and collectively exercise reasonable care, skill and diligence at all times. Aside from the key responsibilities as delineated in the Board Charter, each Board member is also expected to demonstrate and adhere with the following:

(a) Time commitment

(i) Attendance of Meetings

The Board ordinarily schedules 4 meetings in a year. Board and Board Committee meetings are scheduled well in advanced, i.e. prior to the closing of each quarter to facilitate the Directors in planning ahead and to ensure that the Board and Board Committees meetings are booked in their respective schedules.

Additional meetings are convened when urgent and important decisions need to be made between scheduled meetings. The agenda for the meeting of the Board are set by the Company Secretary in consultation with the Non-Executive Chairman. Decisions of the Board are made unanimously or by consensus. Where appropriate, decisions may be taken by way of Directors’ Circular Resolutions between scheduled and special meetings.

[#] In compliance with Practice 1.4 of the MCCG, i.e. the Chairman of the Board should not be a member of the Audit Committee, Nomination Committee or Remuneration Committee. Dato’ Zaidi Bin Mat Isa @ Hashim had on 6 August 2022 resigned as member of ARMC and replaced by YM Tengku Ezuan Ismara Bin Tengku Nun Ahmad on the same day.

Notwithstanding that no specific quantum of time has been fixed, each member of the Board is expected to devote sufficient time and attention to the affairs of the Company. Any Director is, while holding office, at liberty to accept other Board appointment(s) in other companies so long as the appointment is not in conflict with the Company’s business and does not affect the discharge of his/her duty as a Director of the Company. Each Board member is expected to achieve at least 50% attendance of total Board Meetings in any applicable financial year with appropriate leave of absence be notified to the Chairman and/or Company Secretary, where applicable.

(ii) New Directorships

Prior to the acceptance of new Board appointment(s) in other companies and/or Public Listed Companies (“PLCs”), the Directors are to notify the Chairman and/or the Company Secretary in writing. To ensure the Directors have the time to focus and fulfill their roles and responsibilities effectively, 1 criterion as agreed by the Board is that they must not hold directorships at more than 5 PLCs (as prescribed in Rule 15.06 of the Listing Requirements).

The Directors are required to submit an update on their other directorships from time to time for monitoring of the number of directorships held and for notification to the Companies Commission of Malaysia (“CCM”) accordingly.

(b) Continuing training programmes

The Directors are mindful that they should continue to attend training programmes to enhance their skills and knowledge where relevant, as well as to keep abreast with the changing regulatory and corporate governance developments.

The external auditors also briefed the Board members on any changes to the applicable approved accounting standards as per the Malaysian Accounting Standards Board (“MASB”) that affect the Group’s financial statements during the year. The Directors are also encouraged to attend appropriate external trainings on subject matter that aids the Directors in the discharge of their duties as Directors, at the Company’s expense.

All the Directors have attended the Mandatory Accreditation Programme as required by Bursa Malaysia Securities Berhad (“Bursa Securities”) and were updated by the Company Secretary and external auditors on the various salient amendments to the Listing Requirements and the applicable approved accounting standards as per MASB from time to time.

The details of trainings and various external programs attended by the Directors during the financial year under review are as follows:

(c) Conflict of interest and related party transactions

To assure accountability and prevent conflict of interest in relation to issues that come before the Board, Directors are reminded by the Company Secretary of their statutory duties and responsibilities and are provided with updates on any changes thereon. Hence, all related party transactions (if any) will be submitted to the ARMC for review on a quarterly basis.

The Directors further acknowledge that they are also required to abstain from deliberation and voting on relevant resolutions in which they have an interest at the Board or any general meeting convened. In the event a corporate proposal is required to be approved by shareholders, the interested Directors will abstain from voting in respect of their shareholdings and will further undertake to ensure that persons connected to them will similarly abstain from voting on the resolutions.

1. BOARD'S LEADERSHIP ON OBJECTIVES AND GOALS (CONT'D)

1.2 The Chairman of the Board

The Independent Non-Executive Chairman is not related to the Executive Director. The Independent Non-Executive Chairman is responsible for the Board's effectiveness and conduct, implementing the Group's policies, business plans and executive decision making and is assisted by the Executive Director.

The Independent Non-Executive Chairman also promotes an open environment for debate and ensures effective contributions from Non-Executive Directors. He also exercises control over the quality, quantity and timeliness of information flow between the Board and Management. Together with the other Non-Executive and Independent Directors, he leads the discussion on the strategies and policies recommended by the Management.

At a general meeting, the Independent Non-Executive Chairman plays a role in fostering constructive dialogue between shareholders, Board and Management.

1.3 Separation of roles of Independent Non-Executive Chairman and Executive Director

In order to foster a strong governance culture in the Group and to ensure a balance of power and authority, the roles of Independent Non-Executive Chairman and Executive Director are strictly separated. The Company practices a division of responsibilities between the Independent Non-Executive Chairman and the Managing Director. This is also to maintain effective supervision and accountability of the Board and Executive Management. The Independent Non-Executive Chairman is responsible for Board effectiveness and to ensure that the conduct and working of the Board is in an orderly and effective manner while the Managing Director and Executive Director take on the primary responsibility of managing the Group's businesses and resources as well as overseeing and managing the day-to-day operations of the Group.

1.4 Qualified and competent Company Secretaries

The Company Secretaries of KAG, have the requisite credentials and are competent and suitably qualified to act as company secretary under Section 235(2) of the Companies Act 2016 (“the Act”). The Board is satisfied with the performance and support rendered by the Company Secretaries to the Board in the discharge of their functions. The Company Secretaries play an advisory role to the Board in relation to the Company's constitution, Board's policies and procedures and compliance with the relevant regulatory requirements, codes or guidance and legislations.

The Company Secretaries support the Board by ensuring that all Board meetings are properly conducted and adhered to board policies and procedures, rules, relevant laws and best practices on CG and deliberations at the Board and Board Committee meetings as well as follow-up on matters arising are well captured and recorded. The Company Secretaries also keep the Board updated on changes in the Listing Requirements of Bursa Securities and directives issued by the regulatory authorities, and the resultant implications to the Company and the Directors in relation to their duties and responsibilities.

The Company Secretaries constantly keep themselves abreast of the evolving capital market environment, regulatory changes and developments in CG through continuous training. The removal of the Company Secretaries is a matter for the Board, as a whole to decide.

1.5 Access to information and advice

The Directors have individual and independent access to the advice and dedicated support services of the Company Secretaries in ensuring the effective functioning of the Board. The Directors may seek advice from the Management on issues under their respective purview.

Prior to the Board meetings, the agenda for each meeting together with a full set of the board papers containing the information relevant to the business of the meetings are circulated to the Directors at least seven (7) days before the meeting. The Directors may also interact directly with the Management, or request further explanation, information or updates on any aspect of the Company’s operations or business concerns from them.

In the intervals between Board meetings, for exceptional matters requiring urgent Board decisions, approvals will be obtained via circular resolutions which are supported with information necessary for an informed decision.

The deliberations of the Board in terms of the issues discussed during the meetings and the Board’s conclusions in discharging its duties and responsibilities are recorded in the minutes of meetings by the Company Secretaries. Minutes of meetings are circulated and confirmed as a correct record by the Board and Board Committees at the next meeting.

The Directors are also notified of any corporate announcement(s) released to Bursa Securities and the impending restriction on dealing with the securities of the Company prior to the announcement of the quarterly financial results.

In addition, the Board may seek independent professional advice at the Company’s expense on specific issues to enable it to discharge its duties in relation to matters being deliberated. Individual Directors may also obtain independent professional or other advice in furtherance of their duties, subject to the approval of the Chairman or the Board, depending on the quantum of the fees involved.

2. DEMARCATION OF RESPONSIBILITIES

2.1 Board Charter

The Board recognises the importance of establishing a single source of reference for Board activities through a Board Charter as recommended by the MCCG. As such, a Board Charter was formalised on 24 November 2014 to clearly delineate the roles of the Board, Board Committees and Management in order to provide a structured guidance for Directors and Management regarding their responsibilities of the Board, its Board Committees and Management, including the requirements of Directors in carrying out their stewardship role and in discharging their duties towards the Group as well as boardroom activities.

The Board reviews and updates its Board Charter regularly as to keep itself up to date with new changes in regulations and best practices and to ensure its effectiveness and relevance to the Board’s objectives. Any subsequent amendment to the Charter can only be approved by the Board. The Board Charter is available on the Company’s corporate website at www.kag.com.my.

3. PROMOTING GOOD BUSINESS CONDUCT AND MAINTAINING A HEALTHY CORPORATE CULTURE

3.1 Code of Ethics

The Company’s Code of Ethics, requires all officers and employees to observe high standards of business and personal ethics in carrying out duties and responsibilities. As employers and representatives of KAG, or any of its subsidiaries, they must practice honesty and integrity in fulfilling their duties and responsibilities, and comply with all applicable laws and regulations. It is thus the responsibility of all officers and employees to comply with the Code of Ethics and to report violations or suspected violations thereto.

The salient features of the Code of Ethics are accessible by the public through the Company’s corporate website at www.kag.com.my.

3.2 Formalised policies and procedures on Whistle-Blowing

To maintain the highest standard of ethical conduct, the Board also has a separate formal Whistle-Blowing Policy stating the appropriate communication and feedback channels to facilitate whistleblowing. The implementation of such policy is in line with Section 587 of the Act where provisions have been made to protect KAG’s officers or stakeholders who make disclosures on breach or non-observance of any requirement or provision of the Act or on any serious offence involving fraud and dishonesty. All concerns raised will be investigated and whistle-blowers can report directly to the Independent Director.

The Whistle-Blowing Policy is accessible by the public through the Company’s corporate website at www.kag.com.my.

3.3 Anti-Bribery and Corruption Policy (“ABC Policy”)

In line with the amendments to the Malaysian Anti-Corruption Commission Act 2009 to incorporate a new Section 17A on corporate liability for corruption which took effect on 1 June 2020, the Group had adopted the ABC Policy which set out the Group’s responsibilities in providing principles, guidelines and recommendation to the employees on the procedures to deal with solicitation, bribery and corruption that could possibly arise on the business dealing and operation activities.

The Company had also conducted briefings and trainings to all employees of the Group to create awareness on the ABC Policy to foster commitment of the employees in instil the spirit of integrity and avoid all forms of corruption practices within the organisation.

The ABC Policy is accessible by the public through the Company’s corporate website at www.kag.com.my.

3.4 Promote Sustainability

The Board has established an Environmental, Social and Governance (“ESG”) Policy to demonstrate its commitment to promoting good business conduct and maintaining a healthy corporate culture that engenders integrity, transparency and fairness. The Board and Senior Management of the Company recognises the importance of prioritising sustainability as part of its overall approach to value creation.

3.4 Promote Sustainability (cont'd)

The Board believes that introducing ESG considerations in its business decisions is essential foundation to achieve long term business success besides creating value for all its stakeholders, as well as a strategic approach to support and empower communities, encourage social inclusivity and improve the environments. The balancing of ESG with the interest of stakeholders is essential to enhancing investor perception and public trust that works towards value enhancement for stakeholders in the long run. The Company also believes that as a responsible corporate citizen, one would have an obligation in making the earth a better place to live in through responsible investing, besides weighing on an appropriate risk-return profile for its investments.

The Board fulfils its responsibilities by delegating to the management. The management is responsible for implementing, overseeing and addressing all sustainability-related issues from stakeholders and update the Board on the Group's sustainability management performance, key material issues identified by stakeholders and planned follow-up measures.

PART II – BOARD COMPOSITION

4. BOARD'S OBJECTIVITY

4.1 Composition of the Board

The Company is led by an experienced Board consisting of individuals with appropriate knowledge and skills to enhance the growth of the Group's business with good corporate governance.

The Board comprises of 6 members, comprising of 1 Independent Non-Executive Chairman, 1 Managing Director, 1 Executive Director, 2 Independent Non-Executive Directors and 1 Non-Independent Non-Executive Director. In this respect, the Board complies with the recommendation of the MCCG of which at least 50% of the Board is Independent Director. In addition, KAG also complies with the requirement of the Listing Requirements for Independent Non-Executive Directors to make up at least 1/3 of the Board membership.

The Board views the present number of its Independent Directors as ideal to provide the necessary check and balance to the Board's decision-making process. There is a good mix of skills and core competencies in the current Board membership. The Board is of the opinion that the existing 3 Independent Non-Executive Directors, with their extensive knowledge and experience would be able to represent the investment of the public and the minority shareholders. The Board is, however, open to board changes as and when appropriate. The profile of each of the Director is set out on pages 6 to 8 of this Annual Report.

The Board has not nominated a Senior Independent Non-Executive Director to whom concerns may be conveyed as the Board is of the opinion that given the strong independent element of the Board, any concern regarding the Group may be conveyed by shareholders or investors to any of the Independent Directors at the following address and such concerns will be reviewed and addressed by the Board accordingly:

4. BOARD'S OBJECTIVITY (CONT'D)

4.2 Tenure of Independent Directors

As at the date of this Statement, none of the Independent Directors has reached 9 years of service since their appointment as Directors. Their tenure of service is set out in the Board of Directors' Profile on pages 6 to 8 of this Annual Report.

4.3 Policy of Independent Director's Tenure

The Board has adopted a 9 years policy for Independent Directors. Upon completion of 9 years, an Independent Director may continue to serve on the Board subject to the Director's re-designation as a Non-Independent Director. In the event such Director was to retain as an Independent Director, the Board would have to justify in the notice convening the AGM and seek shareholders' approval the retention of such Independent Director at every AGM through a two-tier voting process.

4.4 Diverse Board and Senior Management Team

The Company does not set specific criteria for the assessment and selection of director candidate. However, all candidates for appointment and/or election are first considered by the NC, taking into account the mix of skills, competencies, experience, professionalism and other relevant qualities required to well manage the business, with the aim to meet the current and future needs of the Board composition. The NC also evaluates the candidates' character and ability to commit sufficient time to the Group. Other factors considered for appointment of Independent Director will include the level of independence of the subject candidate.

4.5 Gender diversity policy

The Board is aware of the importance of boardroom diversity and is supportive of the recommendation of MCCG to the establishment of boardroom and workforce gender diversity policy. The Board had adopted the Board Diversity Policy which sets out the Company's approach to diversity on the Board of KAG. The Board together with the NC will assess and evaluate current diversity levels, identify and analyse gaps and criteria for new board appointments, and thereafter recommend the strategies, objectives, targets and practical goals against an indicative time frame in order to maintain an appropriate range and balance of skills, experience and background on the Board. The Group will evaluate the suitability of candidates as a new Board member or as a member of the workforce based on the candidates' competency, skills, character, time commitment, knowledge, experience and other qualities in meeting the needs of the Group, regardless of gender. Equal opportunity is given and does not practise discrimination of any form, whether based on age, gender, race and religion, throughout the organisation.

Currently, our Board does not comprise of any female director. In line with the MCCG of at least 30% representation of women on Boards, the Board will evaluate and match the criteria of the potential candidate as well as considering the appointment of female director onto the Board in future to bring about a more diverse perspective.

4.6 New Candidates for Board Appointment

The screening and evaluation process for potential candidates to be nominated as Directors are delegated to the NC. The process involves the NC's consideration and submission to the Board its recommendation of suitable candidates from either the Management, the existing Board member(s) or major shareholder(s) for the proposed appointment as Directors of the Company. The NC may also obtain and rely upon independent sources such as a directors' registry, open advertisement or use of independent search firms in furtherance of their duties at the Company's expense, subject to approval by the Chairman or the Board, depending on the quantum of the fees involved. If the selection of candidates was solely based on the recommendations made by the Management, the existing Board member(s) or major shareholder(s), the NC will explain why other sources were not used.

4.6 New Candidates for Board Appointment (cont’d)

The shortlisted candidates whom were not known to the existing Board members, were interviewed by the NC and thereafter, met with the Board of Directors for endorsement of appointment.

4.7 Re-Election of Directors

The procedure on the re-election of directors by rotation is set out in the Company’s Constitution. Pursuant to the Company’s Constitution, all Directors who are appointed by the Board during the year are subject to re-election by shareholders at the first meeting after their appointment. The Company’s Constitution also provides at least 1/3 of the remaining Directors are subject to re-election by rotation at each Annual General Meeting, and retiring directors can offer themselves for re-election. All Directors shall retire from office at least once in every 3 years, but shall be eligible for re-election.

The NC would carry out formal assessment evaluation the performance as well as identifying any gaps or areas of improvement of the Individual directors, Board and Board Committee annually. The NC also would identify the directors to be retired (“Retiring Directors”) by rotation in accordance with the Constitution of the Company and assess the Retiring Directors’ eligibility for re-election by considering their competencies, time commitment, contribution and their ability to act in the best interest of the Company. Based on the satisfactory evaluation of the respective director’s performance and contributions to the Board, the NC then recommend to the Board the re-election of the Retiring Directors at the forthcoming AGM.

Upon the recommendation of the NC and the Board, the Directors who are standing for re-election and re-appointment at the forthcoming Annual General Meeting of the Company are as stated in the Notice of Annual General Meeting.

4.8 NC

The NC of KAG was established on 29 April 2005 to assist the Board in recommending appointment of new Director(s) and assessing the effectiveness of the Board as a whole.

The activities undertaken by NC during the financial year under review are as follows:

- reviewed the structure, size and diversity (including without limitation, gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service) of the Board;
- reviewed and recommended on the change of composition of ARMC, NC and RC of the Company;
- undertook annual assessment of its Independent Directors;
- reviewed the training needs for the Directors; and
- reviewed the performance of the Board as a whole and the Board Committees, particularly the term of office and performance of the ARMC and each of its members and recommending to the Board the appointment of members of ARMC and other Board Committees established by the Board.

4.9 SIS Committee

The SIS Committee was established on 7 May 2015 to assist the Board in establishment of the SIS by rewarding and retaining the eligible Directors and key management personnel who have contributed to the growth of the Company.

The duration of SIS which was implemented on 6 May 2015, is 5 years and it is extended for another 3 years from 6 May 2020 to 6 May 2023.

As at 31 March 2022, the total number of SIS options granted, exercised and outstanding under the SIS during the financial year are set out in the table below:

Category of Employees	No. of SIS Options Over Ordinary Shares			
	Granted and Vested	Exercised	Lapsed/ Forfeited/ Revoked	Outstanding
Eligible Employees	-	-	-	-

Pursuant to the SIS By-Laws, the aggregate maximum allocation of SIS Options applicable to the eligible employee (including the allocation to the Directors and senior management) shall be determined by the SIS Committee at its sole and absolute discretion.

The ARMC has verified and confirmed that there was no allocation of SIS Options to the eligible employees of the KAG Group during the financial year ended 31 March 2022.

5. OVERALL BOARD EFFECTIVENESS

5.1 Annual evaluation

The NC will be reviewing the Board’s effectiveness in the following key areas of composition, administration and process, accountability and responsibility, Board conduct, communication and relationship with Management, performance of the Chairman and Executive Director, the time commitment in discharging their role and responsibilities through attendance at their respective meetings as well as the application of good governance principles to create sustainable shareholder’s value.

The Board will undertake an annual assessment of Independent Directors as to justify whether they continue to bring independent and objective judgement to board deliberations. Self-assessment will be carried out by the Directors and the ARMC members once every year. The results, in particular the key strength and weaknesses identified from the evaluation, will be shared with the Board to allow enhancements to be undertaken.

The criteria used by the NC in evaluating the performance of an individual, including contribution to interaction, integrity, competency and time commitment of the members of the Board and Board Committees in discharging their duties, are in a set of questionnaires. The Board did not engage any external party to undertake an independent assessment of the Directors.

From the annual assessment and review conducted for FY2022, the NC was satisfied that all the Directors possess sufficient qualification to remain on the Board. Save for the NC members who are also a member of the Board and have abstained from assessing their own individual performance as Director of the Company, each of the NC members view that all the Directors have good personal attributes and possess sufficient experience and knowledge in various fields that are vital to the Company’s industry.

As for the Board evaluation, the NC agreed that all the Directors have discharged their stewardship duties and responsibilities towards the Company as a Director effectively. The NC further concluded that the Board and Board Committees were functioning effectively as a whole with a high level of compliance and integrity.

The NC was also satisfied that the Independent Directors are independent of management and free from any business or other relationship which could interfere with the exercise of independent judgment, objectivity or the ability to act in the best interests of the Company. Additionally, each of the Independent Directors has provided an annual confirmation of their independence to the NC and the Board.

PART III - REMUNERATION

6. LEVEL AND COMPOSITION OF REMUNERATION

6.1 Remuneration policy

The Company’s remuneration policy for Directors is formulated to attract and retain individuals of the necessary caliber needed to run the business of the Group successfully. The remuneration is structured to link experience, expertise and level of responsibility undertaken by the Directors. The Directors play no part in deciding their own remuneration and shall abstain from discussing or voting on their own remuneration.

The salient features of the remuneration policy of the Group are summarised as follows:

- (a) The salary for Managing Director is set at a competitive level for similar roles within comparable markets, reflect the performance of the director, skills and experience as well as responsibility undertaken.
- (b) Directors’ Fees are based on a standard fixed fee and are subject to approval by the Shareholders at the AGM.
- (c) Only Managing Director is entitled to benefits-in-kind provided by the Group.
- (d) The RC may obtain independent professional advice in formulating the remuneration package of its Directors.

For FY2022, the Board approved the RC’s recommendation on Directors’ fees and other benefits payable to Directors for the approval of the Shareholders at the Eighteenth (18th) AGM. The Board is of the view that the current remuneration level suffices to attract, retain and motivate qualified Directors to serve on the Board.

The remuneration policy is not made available on the Company’s corporate website as the Board is of the view that the confidentiality and sensitivity of the features of the Company’s remuneration structure which are in supportive of the strategies and long-term vision of the Company will be able to safeguard accordingly.

6.2 RC

The RC was established on 6 June 2003 and is responsible for recommending to the Board on the remuneration framework as well as the remuneration package of Executive Director to ensure that rewards commensurate with his contributions to the Group’s growth and profitability in order to align the interest of the Director with those of the shareholders. The RC also ensures the level of remuneration for Non-Executive Directors and Managing Director are linked to their level of responsibilities undertaken and contributions to the effective functioning of the Board.

The activities undertaken by the RC during the financial year under review were as follows:

- Reviewed and recommended the payment of Directors’ fees and other benefits payable to the Directors for the shareholders’ approval.

PART III - REMUNERATION (CONT'D)

7. REMUNERATION OF DIRECTORS AND SENIOR MANAGEMENT (CONT'D)

7.2 Details of Key Senior Management’s remuneration

The Company notes the need for corporate transparency in the remuneration of its senior management executives, however, given the confidential and commercial sensitivities associated with remuneration matters and the highly competitive human resource environment for personnel with the requisite knowledge, expertise and experience in the Company’s business activities, such disclosure may be detrimental to the business interests and give rise to recruitment and talent retention issues. Thus, the Company is of the view that the interest of the shareholders will not be prejudiced as a result of the non-disclosure of the Group’s senior management personnel who are not directors of the Company.

The remuneration of the senior management personnel, which is a combination of annual salary, bonus and benefits-in-kinds are determined in a similar manner as other management employees of the Group. The basis of determination has been consistently applied and is based on individual performance and the overall performance of the Group. The aggregate remuneration of the top 5 senior management received for the FY2022 was RM741,000 representing 14.42% of the total employees’ remuneration of the Group.

The Board is of the opinion that disclosure of remuneration of the Directors of the Board by appropriate components and the top 5 senior management’s total combined remuneration package should meet the intended objectives of the MCCG.

PRINCIPLE B : EFFECTIVE AUDIT AND RISK MANAGEMENT

PART I - ARMC

8. EFFECTIVE AND INDEPENDENT ARMC

8.1 The Chairman of the ARMC is not the Chairman of the Board

The positions of Chairman of the ARMC and the Board are held by 2 different individuals. Hence, the objectivity of the Board’s review of the ARMC’s findings and recommendations will be able to preserve. The Board is of the view that the Chairman of the ARMC has performed the duties as defined and his judgment was not impaired as he is sufficiently independent from Management in leading the discussion on the matters being deliberated and findings as well as recommendations made by the ARMC objectively in the Board meetings.

8.2 Cooling-off period for a former audit partner to be appointed as ARMC member

KAG recognised the need to uphold the independence of its external auditors and that no possible conflict of interest whatsoever should arise. As recommended by MCCG, the Company will observe a cooling-off period of at least 3 years in the event any potential candidate to be appointed as a member of the ARMC was a key audit partner of the external auditors of the Group. Currently, none of the members of the Board nor the ARMC of the Company was former key audit partners of the external auditors appointed by the Group.

PART I - ARMC (CONT'D)

8. EFFECTIVE AND INDEPENDENT ARMC (CONT'D)

8.3 Policies and procedures for assessment of suitability, objectivity and independence of external auditors

The external auditors fill an essential role by enhancing the reliability of the Company's annual audited financial statements and giving assurance to stakeholders of the reliability of the annual audited financial statements. The external auditors have an obligation to bring any significant defects in the Company's system of control and compliance to the attention of the Management, and if necessary, to the ARMC and the Board.

The external auditors are working closely with the internal auditors and tax consultants, without compromising their independence. Their liaison with the internal auditors would be in accordance with International Standards on Auditing (ISA) No. 610: “Considering the Work of Internal Auditing”, with the main objective of avoiding duplication of efforts to maximise audit effectiveness and efficiency. The external auditors reviews internal audit reports and discuss findings with internal auditors where necessary.

In accordance with the principles set out in ISA No. 260 “Communicating of Audit Matters with Those Charged with Governance”, the external auditors have brought to the Board's attention through the ARMC, all the significant accounting, auditing, taxation, internal accounting systems & process control and other related matters that arise from the audit of the financial statements of the Company. Where necessary, the ARMC will meet with the external auditors without the presence of Executive Board member and Management to exchange free and honest views on issues which the external auditors may wish to discuss in relation to their audit findings.

The ARMC is responsible for reviewing the audit, recurring audit-related and non-audit services provided by the External Auditors. The terms of engagement for services provided by the External Auditors are reviewed by the ARMC prior to submission to the Board for approval. The effectiveness and performance of the External Auditors are reviewed annually by the ARMC.

To assess or determine the suitability and independence of the External Auditors, the ARMC has taken into consideration of, among others, the following:

- (a) the adequacy of the competency, experience and quality of the External Auditors;
- (b) the External Auditor's resource capacity and ability to meet deadlines in providing services and responding to issues in a timely manner as contemplated in the external audit plan;
- (c) the nature of the non-audit services provided by the External Auditors and fees paid for such services relative to the audit fee; and
- (d) whether there are safeguards in place to ensure that there is no threat to the objectivity and independence of the audit arising from the provision of non-audit services or tenure of the External Auditors.

Annual appointment or re-appointment of the External Auditors is via shareholders' resolution at the Annual General Meeting on the recommendation of the ARMC and the Board. The External Auditors are being invited to attend the Annual General Meeting of the Company to respond and reply to the shareholders' enquiries on the conduct of the statutory audit and the preparation and contents of the audited financial statement.

PART I - ARMC (CONT'D)

8. EFFECTIVE AND INDEPENDENT ARMC (CONT'D)

8.3 Policies and procedures for assessment of suitability, objectivity and independence of external auditors (cont'd)

The ARMC had assessed the independence of Messrs. Russell Bedford LC PLT (“RBLC”) as external auditors of the Company as well as reviewed the level of non-audit services rendered by RBLC to the Company for FY2022. The ARMC had obtained written assurance from RBLC confirmed that they are, and have been independent throughout the conduct of the audit engagement in accordance with the independence criteria set out by the International Federation of Accountants and the Malaysian Institute of Accountants. The external auditors provided such declaration in their annual audit plan presented to the ARMC prior to the commencement of audit for a particular financial year.

The ARMC was satisfied with RBLC's technical competency and audit independence and took note that the quantum of non-audit fee charged thereto was not material as compared to the total audit fees paid to RBLC. Having satisfied itself with their performance and technical competency as well as received the assurance from RBLC as stated above, the Board approved the ARMC's recommendation for the shareholders' approval to be sought at the forthcoming Annual General Meeting on the re-appointment of RBLC as the External Auditors of the Company for the financial year ending 31 March 2023.

8.4 ARMC composition

The ARMC comprises of 3 Non-Executive Directors with majority are Independent Directors. On the composition, please refer to the Corporate Information of this Annual Report on page 4.

The Board is of the view that the ARMC is able to assist the Board in reviewing and scrutinising the information in terms of accuracy, adequacy and completeness for disclosure to ensure reliability and compliance with applicable financial reporting standards.

8.5 Continuous professional development

To assist the Board in reviewing and scrutinising the information in terms of accuracy, adequacy and completeness for disclosure to ensure reliability and compliance with applicable financial reporting standards, all the ARMC members will undertake continuous professional development to keep abreast of relevant developments in accounting and auditing standards, practices and rules.

The Board, through the recommendation of the NC and with the exception of the Directors who are also ARMC is generally satisfied that all the ARMC members are financially literate and have sufficient understanding of the Company's business.

Further details on the external programs attended by the ARMC members are set out in this Annual Report on page 43.

8.6 Compliance with Applicable Financial Reporting Standards

The Board strives to provide shareholders with a balanced and meaningful evaluation of the Group's financial performance, financial position and prospects through the annual audited financial statements, interim financial reports, annual report and announcements to Bursa Securities.

The interim financial reports, annual audited financial statements and annual report of the Group for the financial year ended 31 March 2022 are prepared in accordance with the Malaysian Financial Reporting Standards, Listing Requirements and the Companies Act, 2016. The ARMC assists the Board in overseeing the financial reporting processes and ensuring the quality of its financial reporting.

PART II – RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

9. EFFECTIVE RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

9.1 Sound framework to manage risk

The Board recognises the importance of managing risks and maintaining a sound system of internal controls which cover risk management, financial, organisational, operational and compliance controls.

The Board has established Enterprise Risk Management framework and on-going reviews are performed on a quarterly basis to identify, evaluate, monitor and manage significant risks affecting the business and ensure that adequate and effective controls are in place. Such continuous review processes are conducted by the Company's Management Team as well as the Group's independent and sufficiently resourced internal audit function. The findings of the internal audit function are regularly reported to the ARMC.

The ARMC is tasked to review the risk management policies and internal control procedures formulated by Management and make relevant recommendations to the Board for approval from time to time as to ensure, as far as possible, the protection of its assets and its shareholders' investments.

Details of the Company's risk management and internal controls framework are further elaborated in the ARMC Report and the Statement on Risk Management and Internal Control of this Annual Report on pages 61 to 63 and pages 64 to 67 respectively.

9.2 Implementation of mitigating measures

The responsibilities of identifying and managing risks are delegated to the respective Heads of Department (“HoD”). The ARMC is responsible to review the effectiveness of the processes. Any material risk identified will be discussed and appropriate actions or controls will be implemented. This is to ensure the risk is properly monitored and managed to an acceptable level.

The ARMC will assist the Board in implementing and overseeing the risk management framework of the Group and reviewing the risk management policies formulated by Management and to make relevant recommendations to the Board for approval.

Main features of the Company's risk management framework and internal controls system are further elaborated in the Statement on Risk Management and Internal Control of this Annual Report on pages 64 to 67.

9.3 Risk Management Committee

The ARMC was renamed on 27 November 2017 with its scope of duty and responsibilities being broadened and the importance being placed on the risk management of the various elements of the Company’s business whilst also covering the areas of internal control, financial reporting and CG.

The ARMC comprises of 3 Non-Executive Directors with majority are Independent Directors. This is in line with Practice Note 10.3 of the MCCG whereby the risk management committee should comprise a majority of Independent Directors.

Details of the main features of the Company’s risk management and internal controls framework are further elaborated in the ARMC Report and the Statement on Risk Management and Internal Control of this Annual Report.

10. EFFECTIVE GOVERNANCE, RISK MANAGEMENT AND INTERNAL CONTROL

10.1 Internal audit function

The Board has delegated the implementation and monitoring of the internal control system to the Management and has engaged the services of an independent assurance provider to provide much of the assurance it requires regarding the effectiveness as well as the adequacy and integrity of the Group’s systems of internal control. The internal auditors report directly to the ARMC on its activities based on the approved annual internal audit plans. The principal role of the internal auditors is to provide independent assurance on the adequacy and effectiveness of governance, risk management and internal control processes.

10.2 Competency of internal auditors

To ensure that the responsibilities of internal auditors are fully discharged, the ARMC shall review the adequacy of the scope, functions and resources of the internal audit function as well as the competency i.e. qualification and experience of the internal auditors on a yearly basis.

For the FY2022, the Group has outsourced its internal audit function to Tricor Axcelasia Sdn Bhd (“Tricor”), a professional service firm (“Outsourced IA”).

The Outsourced IA is headed by Mr Chang Ming Chew, an Executive Director of Tricor has a diverse professional experience in internal audit, risk management and corporate governance advisory. Mr. Chang’s qualifications and membership with professional associations are as follows:

- Certified Internal Auditor (USA);
- Certification in Risk Management Assurance (USA);
- Professional Member of the Institute of Internal Auditors, Malaysia (CMIIA);
- Member of the Association of Chartered Certified Accountants, UK (ACCA); and
- Chartered Accountant, Member of the Malaysian Institute of Accountants (MIA).

Tricor deployed three (3) staffs, including a manager for the internal audit review. The personnel in the internal audit reviews possess professional qualifications and/or a university degree. Most of them are members of the Institute of Internal Auditors Malaysia.

10. EFFECTIVE GOVERNANCE, RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

10.2 Competency of internal auditors (cont'd)

The internal audit reviews were conducted using a risk-based approach and were guided by, in all material respect, the International Professional Practice Framework issued by the Institute of Internal Auditors. The internal audit reviews involved assessing key risk areas, walkthrough or high-level reviews of the major operations, discussions held with management and key staff as well as tests of transactions on a sample basis.

The internal audit function independently assessed operations of the Group's system of internal control and provides reasonable assurance that the Group's system of internal control is satisfactory and operating effectively. The internal audit function prepares risk-based internal audit strategy based on the risk profiles of individual business unit of the Group and present to the ARMC's review and approval.

The ARMC assessed the adequacy of the scope, functions, competency and resources of the internal audit function of the Group for the financial year under review and the internal audit function performed by the internal auditors was satisfactory and adequate. Accordingly, the ARMC and the Board agreed to continuously outsource the internal audit function in providing an independent appraisal on the adequacy and effectiveness of the Group's internal control system.

An overview of the state of internal controls function within the Group, which includes the risk and key internal control structures, are set out in the ARMC Report and the Statement on Risk Management and Internal Control of this Annual Report on pages 61 to 63 and pages 64 to 67 respectively.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS PART I – ENGAGEMENT WITH STAKEHOLDERS

11. CONTINUOUS COMMUNICATION BETWEEN COMPANY AND STAKEHOLDERS

11.1 Effective, transparent and regular communication with its stakeholders

The Board recognises the importance of prompt and timely dissemination of information to shareholders and investors, in order for these stakeholders to be able to make informed investment decisions. KAG's website incorporates an Investor Relations (“IR”) section which provides all relevant information on the Group and is accessible by the public. This section enhances the IR function by including share price information, all announcements made by the Company, annual reports, Board Charter and the corporate and governance structure of the Company.

The Company will continuously enhance the disclosures on its website for broader and effective dissemination of information to its stakeholders from time to time. The announcement of the quarterly financial results is also made via Bursa LINK in a timely manner as required under the Listing Requirements in ensuring equal and fair access to information by the investing public.

To promote the dissemination of the financial results of the Company to investors, shareholders and media as well as to keep the investing public and other stakeholders updated on the progress and development of the Group's business, the Board may conduct the open briefings from time to time in ensuring constant interactions with existing and prospective investors. Stakeholders can at any time seek clarification or raise queries through the corporate website, by email or phone. Primary contact details are set out at the Group's corporate website.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (CONT’D)

PART I – ENGAGEMENT WITH STAKEHOLDERS (CONT’D)

11. CONTINUOUS COMMUNICATION BETWEEN COMPANY AND STAKEHOLDERS (CONT’D)

11.2 Integrated reporting

The Company has provided concise information in relation to its strategy, performance, governance and prospects through the Management Discussion and Analysis and the Sustainability Statements in this Annual Report on pages 12 to 19 and pages 20 to 39, respectively. This is to ensure that the stakeholders are well informed of the business and performance of the Company and to promote transparency and accountability of the Company.

PART II – CONDUCT OF GENERAL MEETINGS

12. STRENGTH RELATIONSHIP BETWEEN THE COMPANY AND SHAREHOLDERS

12.1 Encourage shareholder participation at general meetings

The AGM represents the principal forum for dialogue and interaction with shareholders. At every AGM, the Board sets out the progress and performance of the Group since the last meeting held. Shareholders are encouraged to participate in the subsequent Question & Answer (“Q&A”) session wherein the Directors, Company Secretary and/or HoD as well as the Group’s external auditors are available to respond to the queries raised. In the event that an answer cannot be readily given at the meeting, the Chairman will undertake to provide a written reply to the shareholder. Each item of special business included in the notice of meeting will be accompanied by a full explanation on the effects of a proposed resolution.

The Company dispatches its notice of AGM to the shareholders at least twenty-eight (28) days before the AGM. The Notice of AGM, which sets out the business to be transacted at the AGM, is also published in a major local newspaper. This would allow the shareholders to make necessary arrangements to attend and participate in person, by corporate representative, by proxy or by attorney.

At the commencement of all general meetings, the Chairman will inform the shareholders of their rights to a poll voting. Separate resolutions are proposed for substantially separate issues at the meeting. The outcome of the AGM will be announced to Bursa Securities on the same meeting day.

12.2 Effective communication and proactive engagements

All the Directors shall endeavor to present in person to engage directly with, and be accountable to the shareholders for their stewardship of the Company at the AGM. The Chairman will also invite shareholders to raise questions pertaining to the Company’s financial statements and other items for adoption at the meeting, before putting a resolution to vote and/or during the Q&A session.

Together with the Directors, Management and external auditors will be in attendance to respond to the shareholders’ queries. The Board will also share with the shareholders the Company’s responses to questions submitted in advance of the AGM by the Minority Shareholders Watch Group, if any.

In addition to the above, the Company will look into allocation of time during AGM for dialogue with the Shareholders, if necessary to address the issues concerning the Group and to make arrangement for officers of the Company to present and handle other face-to-face enquiries from the shareholders.

PART II – CONDUCT OF GENERAL MEETINGS (CONT’D)

12. STRENGTH RELATIONSHIP BETWEEN THE COMPANY AND SHAREHOLDERS (CONT’D)

12.3 Facilitate greater shareholder participation at general meetings

Under Rule 8.31A(1) of the Listing Requirements, a public listed company must, among others, ensure that any resolution set out in the notice of any general meeting, is voted by poll. For this purpose, the share registrar will be appointed as the Poll Administrator and an independent scrutineer will be appointed to validate the votes cast at the AGM.

With the outbreak of Coronavirus Disease (“COVID-19”) and as part of the safety measures to curb the spread of the COVID-19 pandemic, the 18th AGM of the Company which was held on 29 September 2021 was conducted by way of a fully virtual basis and online remote voting using the Remote Participation and Voting Facilities and has been attended by all the Directors of the Company.

COMPLIANCE STATEMENT

Other than as disclosed and/or explained in this Annual Report and CG Report for FY2022, the Board is of the view that the Group has complied with and shall remain committed to attaining the highest possible standards through the continuous adoption of the principles and best practices set out in MCCG and all other applicable laws, where applicable and appropriate.

AUDIT AND RISK MANAGEMENT COMMITTEE (“ARMC”) REPORT

COMPOSITION AND ATTENDANCE

The ARMC of Key Alliance Group Berhad (“the Company” or “KAG”) had on 27 November 2017, broadened its scope and highlight the importance placed on the risk management of the various elements of the Company’s business whilst also covering the areas of internal control, financial reporting and corporate governance. Currently, the ARMC comprises three (3) members, with majority are Independent Non-Executive Directors. This meets the requirements of Rule 15.09(1)(b) of the ACE Market Listing Requirements (“Listing Requirements”) of Bursa Malaysia Securities Berhad (“Bursa Securities”). The ARMC Chairman, Mr. Lee Kien Fatt, is member of the Malaysia Institute of Accountants (“MIA”). Accordingly, KAG also complies with Rule 15.09(1)(c)(i) of the Listing Requirements. No alternate director is appointed as a member of the ARMC.

The record of attendance of the members of the ARMC for meeting held during the financial year ended 31 March 2022 (“FY2022”) is disclosed in the Corporate Governance (“CG”) Overview Statement on page 42 of this Annual Report.

The terms of reference (“ToR”) of the ARMC is available for download on the Company’s website at www.kag.com.my.

Internal Audit Function

The purpose of the internal audit function is to provide the Board, through the ARMC, with reasonable assurance of the effectiveness of the risk management, control and governance processes in the Group. To provide an independent appraisal over the system of internal control of the Group to the ARMC, the Company outsources the internal audit function to an independent assurance provider (“IA”). In this respect, the IA has added value by improving the control processes within the Group. The total costs incurred was amounted to RM22,500 for the FY2022.

The internal audit activities were carried out based on a risk-based audit plan presented by the internal auditors to the ARMC for approval. The establishment of the audit plan took into consideration the corporate risk profile and input from Senior Management and the ARMC. The internal auditors highlighted to the ARMC the audit findings which required follow-up action by Management as well as outstanding audit issues which required corrective actions to ensure an adequate and effective internal control system within the Group.

An overview of the Group's approach in maintaining a sound system of internal control is set out in the Statement on Risk Management and Internal Control on pages 64 to 67 of this Annual Report.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

Pursuant to Rule 15.26(b) of the ACE Market Listing Requirements of Bursa Securities Berhad and guided by the “Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers” and with the Malaysian Code of Corporate Governance issued by Securities Commission Malaysia, the Board of Directors of the Company (“the Board”) is pleased to present this Statement on Risk Management and Internal Control (“Statement”) which outlines the governance policies, key elements, nature and scope of risk management and internal control of the Group during financial year ended 31 March 2022 (“FY2022”).

BOARD’S RESPONSIBILITY

The Board acknowledges its overall responsibilities in maintaining a sound system of internal controls that covers financial, operational and risk management within the Group to meet its business objectives. The Board affirms its overall responsibility for reviewing the adequacy, integrity and effectiveness of the risk management and internal control systems to safeguard shareholders’ investment and the Group’s assets. It covers not only financial controls but operational and compliance controls, and risk management.

However, such systems, by their nature, can only provide reasonable, but not absolute, assurance against hindering the Group achieving its business objectives, material misstatement, loss and fraud. These systems are designed to manage, rather than eliminate, the risk of failure to achieve business objectives of the Group.

The Board is of the view that the risk management and internal control system is in place for the year under review and is sound and adequate to safeguard shareholders’ investment and the Group’s assets. Notwithstanding, the Company’s internal control system does not apply to its associate companies which fall within the control of their majority shareholders.

RISK MANAGEMENT

The Board recognises the importance for identifying, evaluating and managing the significant risks that could potentially impact the Group. The Board is aware that risk management practices need to be embedded into the organisation’s business processes. Hence, risk registers and risk profiles are used as one of the business tools to highlight the risks exposures and their risks mitigation to Management and the Board. The risk register and risk profiles for all business units of the Group are updated as and when there are changes to the business environment or regulatory guidelines. This process is regularly reviewed by the Audit and Risk Management Committee (“ARMC”) and reported to the Board.

During the financial year under review, the underlying principal risks of the Company are market competition, foreign exchange fluctuations, dependent on key management personnel, inventory obsolesces, impairment in relation to other investments.

The key elements of the Group’s risk management practices are described below:

1. The Group maintains a sound system of risk management by ensuring that the risk management and control framework are embedded into the culture, processes and structure of the Group and to the achievement of its business objectives.
2. The Group has established an organisation structure with clearly defined limits of authority, lines of responsibility and accountability that aligned to the Group’s business objectives.
3. The Heads of Department and Key Management staffs are responsible for identifying, assessing and managing the risks faced by the respective departments. The results of risk assessment activities are shared across the business unit for appropriate actions to be taken.
4. Periodic operational/management meetings are held to ensure that the risks identified are monitored and appropriately addressed to the Managing Director and they shall highlight those significant risks identified to ARMC and the Board.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

RISK MANAGEMENT (CONT'D)

The key elements of the Group's risk management practices are described below (cont'd):

5. The Board is assisted by the ARMC in overseeing the effectiveness of the Group's policies and guidelines to ensure proper management of risks to which the Group is exposed and to take appropriate and timely action to manage the risks.
6. The Board through the ARMC, maintains risks oversight for the Group by carrying out the following:
 - i. On-going review with the Key Management personnel within the Group on the development and maintenance of risk management practices and internal control systems.
 - ii. Review on the results of the internal audit plan and processes undertaken at least once a year and whether or not appropriate action is taken on the recommendations made by the internal auditors.
 - iii. Review with external auditors on the results of their audit, the audit report and internal control recommendations in respect of internal control weaknesses noted in the course of their audit on a yearly basis.

INTERNAL CONTROL PROCESSES

The Group's internal control mechanism covers not only day-to-day operations but also on the governance of the Group at the highest level through the Board and various Board Committees. While the Board and its Board Committees are governed by their respective Terms of Reference ("ToR") established and are reviewed on an annual basis, Management's conduct is monitored and reviewed through operational performance reviews on quarterly basis, risk position reviewed periodically and independent internal audit conducted by independent professional firm. The internal control processes are reviewed and updated from time to time to ensure that they are relevant and effective when responding to changes in circumstances and external environment and also for further improvement by adopting the best practices, where practical.

Apart from risk management and internal audit function, the Board, through the ARMC has also put in place the following key elements as part of the Group's system of internal control:

- The Managing Director meets monthly with senior management to discuss and review the financial and business performance of all operating entities, management accounts, new business initiatives, other management and corporate issues of the Group.
- There are policy and authority limits implemented on the Managing Director, Executive Director and Senior Management within the Group in respect of the day-to-day operations and financing, investments, acquisitions and disposal of assets.
- The Group has in place a Whistle Blowing Policy, which forms part of the Code of Ethics, to provide an avenue for employees to report any breach or suspected breach of any law or regulation, including business principles and the Group's policies and guidelines in a safe and confidential environment.
- The ARMC comprising majority of Independent Non-Executive Members of the Board, is not restricted in any way in the conduct of its duties and has unrestricted access to the internal and external auditors of the Company and to all employees of the Group. The ARMC and the Board are also entitled to seek such other third party independent professional advice deemed necessary to the discharge of its responsibilities.
- An integrated Board Charter and Code of Ethics are in place and available at the Company's website to set the pace of upholding integrity and ethical values within the Group.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTERNAL AUDIT

During the financial year under review, the Group has outsourced its internal audit function to Tricor Axcelasia Sdn Bhd (“Tricor”), a professional service firm (“Outsourced IA”).

The Outsourced IA is headed by Mr Chang Ming Chew, an Executive Director of Tricor has a diverse professional experience in internal audit, risk management and corporate governance advisory. Mr. Chang’s qualifications and membership with professional associations are as follows:

- Certified Internal Auditor (USA);
- Certification in Risk Management Assurance (USA);
- Professional Member of the Institute of Internal Auditors, Malaysia (CMIIA);
- Member of the Association of Chartered Certified Accountants, UK (ACCA); and
- Chartered Accountant, Member of the Malaysian Institute of Accountants (MIA).

Tricor deployed three (3) staffs, including a manager for the internal audit review. The personnel in the internal audit reviews possess professional qualifications and/or a university degree. Most of them are members of the Institute of Internal Auditors Malaysia.

The internal audit reviews were conducted using a risk-based approach and were guided by, in all material respect, the International Professional Practice Framework issued by the Institute of Internal Auditors. The internal audit reviews involved assessing key risk areas, walkthrough or high-level reviews of the major operations, discussions held with management and key staff as well as tests of transactions on a sample basis.

The internal audit function independently assess operations of the Group’s system of internal control and provides reasonable assurance that the Group’s system of internal control is satisfactory and operating effectively. The internal audit function prepares risk-based internal audit strategy based on the risk profiles of individual business unit of the Group and present to the ARMC’s review and approval.

The comprehensive report on the approaches of internal audit reviews, findings and the recommendation action plans are tabled for ARMC’s review and endorsement. The results of their review presented in the Internal Audit Report, which include a summary of internal audit findings and management’s responses, were discussed with Management and subsequently presented to the ARMC.

During the financial year under review, the outsourced internal audit function has conducted audits based on approved internal audit plan. The area of IA covered Inventory Quantity Management and Enterprise Risk Management function of the Group. None of the internal controls weaknesses has resulted in any material losses, contingencies or uncertainty that would require separate disclosure in this Annual Report.

The ARMC assessed the adequacy of the scope, functions, competency and resources of the internal audit function of the Group for the financial year under review and the internal audit function performed by the internal auditors was satisfactory and adequate. Accordingly, the ARMC and the Board agreed to continuously outsource the internal audit function in providing an independent appraisal on the adequacy and effectiveness of the Group’s internal control system.

REVIEW OF STATEMENT BY EXTERNAL AUDITORS

As required by Paragraph 15.23 of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad, the External Auditors have reviewed this Statement on Risk Management and Internal Control. Their limited assurance review was performed in accordance with the Audit and Assurance Practice Guide (“AAPG”) 3 issued by the Malaysian Institute of Accountants. The AAPG 3 does not require the External Auditors to form an opinion on the adequacy and effectiveness of the risk management and internal control systems of the Group.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

CONCLUSION

The Board has received reasonable assurance from the Managing Director and Senior Management that the Group's risk management and internal control systems, in all material aspects, are operating adequately and effectively. The Board is of the opinion that there were no significant weakness identified during the financial year under review in the system of risk management and internal control, contingencies or uncertainties that could result in material loss and adversely affect the Group save and except for the specific shortcomings in operational related issues as highlighted by the internal audit conducted. These gaps will be gradually closed through on-going corrective measures.

Nevertheless, the Board recognises that the systems must continuously improve to meet the changing business environment. The Board and the Management will continue to take necessary measures to strengthen and improve its internal control environment and processes.

Roy Ho Yew Kee	224,900,000	500,000	-	225,400,000
Ong Gim Hai	11,800,000	-	-	11,800,000

None of the other directors in office at the end of the financial year had any interest in shares of the Company and its related companies during the financial year.

Directors' benefits

Since the end of the previous financial year, no director has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of remuneration received or due and receivable by the directors shown in the financial statements or the fixed salary of a full-time employee of the Company) by reason of a contract made by the Company or a related corporation with the director or with a firm of which the director is a member, or with a company in which the director has a substantial financial interest.

The details of the directors' remuneration are disclosed in Note 6 to the financial statements.

There were no arrangements during or at the end of the financial year, which had the object of enabling directors to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Indemnity and insurance

There was no indemnity given to or insurance effected for any directors, officers and auditors of the Company during the financial year.

Other statutory information

Before the financial statements of the Group and the Company were prepared, the directors took reasonable steps:

- to ascertain that action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and had satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
- to ensure that any current assets which were unlikely to realise their book values in the ordinary course of business had been written down to their expected realisable values.

At the date of this report, the directors are not aware of any circumstances:

- which would render the amount written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and the Company inadequate to any substantial extent;

DIRECTORS' REPORT

Other statutory information (cont'd)

At the date of this report, the directors are not aware of any circumstances (cont'd):

- (b) which would render the values attributed to current assets in the financial statements of the Group and the Company misleading; and
- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and the Company misleading or inappropriate.

In the interval between the end of the financial year and the date of this report:

- (a) no item, transaction or event of a material and unusual nature has arisen which, in the opinion of the directors, would substantially affect the results of the operations of the Group and the Company for the financial year in which this report is made; and
- (b) no charge has arisen on the assets of the Group and the Company which secures the liability of any other person nor have any contingent liabilities arisen in the Group and the Company.

No contingent or other liability of the Group and the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may affect the ability of the Group and the Company to meet its obligations as and when they fall due.

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements, which would render any amount stated in the financial statements misleading.

Auditors

The auditors, Messrs Russell Bedford LC PLT, have indicated their willingness to continue in office.

The auditors' remuneration is disclosed in Note 6 to the financial statements.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KEY ALLIANCE GROUP BERHAD

1. Report on the audit of the financial statements

1.1 Opinion

We have audited the accompanying financial statements which comprise the statements of financial position of the Group and of the Company as at 31 March 2022, and the related statements of comprehensive income, changes in equity and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 March 2022, and of their financial performance and their cash flows for the year then ended in accordance with the Companies Act 2016 (the "Act") and the Malaysian Financial Reporting Standards.

1.2 Basis for opinion

We conducted our audit in accordance with the Approved Standards on Auditing in Malaysia and the International Standards on Auditing. Our responsibilities under those standards are further described in paragraph 1.6.

We are independent of the Group in accordance with the By-Laws (On Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("MIA By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the MIA By-Laws and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

1.3 Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1.3.1 Impairment review of plant and equipment and right of use assets of trading segment

A subsidiary of the Group, Digital Paper Solutions Sdn Bhd ("DPS") had been persistently making losses. This is an indication that an impairment might have occurred on the carrying amount (before impairment) of the plant and equipment and right of use assets of RM802,216 and RM1,526,948 respectively as at 31 March 2022. Management has performed an impairment review and an impairment loss of RM133,635 and RM254,365 was recognised to write down the plant and equipment and right of use assets respectively to their recoverable amounts.

We focused on this area due to the nature of judgements and assumptions made by management in determining whether there is any impairment that has occurred.

How the matter was addressed in the audit

Our audit procedures included, amongst others:

- compared the assumptions used within the impairment review model to approved budgets and business plans;
- benchmarked key assumptions used by management in estimating future cash flows such as revenue growth and gross profit margin to historical performance;

1.3 Key audit matters (cont'd)

1.3.1 Impairment review of plant and equipment and right of use assets of trading segment (cont'd)

How the matter was addressed in the audit (cont'd)

Our audit procedures included, amongst others (cont'd):

- benchmarked key assumptions including discount rates and inflation against our own internal research data; and
- discussed with management to understand the key assumptions used to derive at the value in use.

We are satisfied with the results of the procedures performed.

Additional information on the impairment review is disclosed in Note 11.2 to the financial statements.

1.3.2 Fair value of investment properties of the Group and of the Company

The Group adopts fair value measurement for its investment properties. The fair value of investment properties of the Group and of the Company of RM18.2 million and RM9.0 million respectively is determined by independent firms of professional valuers. Significant judgements are involved in determining the fair value by using the chosen valuation technique and applying the assumptions as disclosed in Note 35.3 to the financial statements.

How the matter was addressed in the audit

Our audit procedures focused on the valuations performed by the firms of professional valuers, which included amongst others, the following:

- performed site visit to verify the existence and conditions of the investment properties;
- considered the professional competencies, capabilities, objectivity and independence of the professional valuers engaged by the Group;
- discussed with the independent professional valuers to obtain an understanding of the valuation techniques, key assumptions and input data used; and
- assessed the appropriateness of the valuation technique and the key assumptions used based on our industry knowledge.

We found the valuation techniques used to be appropriate and assumptions applied were supported by available evidence.

1.3.3 Impairment assessment of the carrying amount of investment in subsidiaries and expected credit losses on amount due from subsidiaries

As disclosed in Note 15 and Note 22 to the financial statements, the carrying amount of investment in subsidiaries and amount due from subsidiaries amounted to RM6,400,018 and RM68,748,333 respectively as at 31 March 2022.

The assessment of recoverable amount of investment in subsidiaries and amount due from subsidiaries which is interrelated requires significant judgements and assumptions used in the calculation.

We focused on this area due to the significant judgements and assumptions made by management in determining the recoverable amount of the investment in subsidiaries and amount due from subsidiaries.

1.3 Key audit matters (cont'd)

1.3.3 Impairment assessment of the carrying amount of investment in subsidiaries and expected credit losses on amount due from subsidiaries (cont'd)

How the matter was addressed in the audit

We tested management's impairment review by performing the following work:

- discussed with management to understand the underlying assumptions used in the impairment review model;
- compared the assumptions used within the impairment review model to approved budgets and business plans;
- benchmarked key assumptions used by management in estimating future cash flows such as revenue growth and gross profit margin to historical performance;
- benchmarked key assumptions including discount rates, where applicable, and inflation against our own internal research data;
- reviewed management's calculation together with relevant supporting documents; and
- evaluated the basis used by management in determining cash flows recoverable in worst case scenarios, where applicable.

We are satisfied with the results of our procedures performed.

Additional information on the impairment review of investment in subsidiaries is disclosed in Note 15 to the financial statements.

1.4 Other information

Management is responsible for the other information. The other information comprises the information included in the Company's directors' report and annual report, but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

1.5 Responsibilities of management and those charged with governance for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with the Act and the Malaysian Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and/or its subsidiaries or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KEY ALLIANCE GROUP BERHAD

1. Report on the audit of the financial statements (cont'd)

1.6 Auditors' responsibilities for the audit of the financial statements

It is our responsibility to form an independent opinion, based on our audit, on these financial statements and to report our opinion solely to you, as a body, in accordance with Section 266 of the Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the content of this report.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Approved Standards on Auditing in Malaysia and the International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of our audit in accordance with the Approved Standards on Auditing in Malaysia and the International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and/or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and/or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Group's financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KEY ALLIANCE GROUP BERHAD

1. Report on the audit of the financial statements (cont'd)

1.6 Auditors' responsibilities for the audit of the financial statements (cont'd)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

2. Report on other legal and regulatory requirements

In accordance with requirements to the Act, we also report that the subsidiary in which we have not acted as auditors, is as disclosed in Note 15 to the financial statements.

3. Engagement partner

The engagement partner on the audit resulting in this independent auditors' report is Lew Chui Hoong.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2022

1. General information

The principal activity of the Company is that of investment and property holding. The details of the subsidiaries, including their principal activities, are disclosed in Note 15.

The Company is a public limited company, incorporated and domiciled in Malaysia, and is listed on the Ace Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at 22-09, Menara 1MK, No.1 Jalan Kiara, Mont Kiara 50480 Kuala Lumpur.

The principal place of business is located at Lot 18.2, 18th Floor, Menara Lien Hoe, No 8, Persiaran Tropicana, Tropicana Golf & Country Resort, 47410 Petaling Jaya, Selangor Darul Ehsan.

The financial statements were approved and authorised for issue by the board of directors on 15 July 2022.

2. Principal accounting policies

2.1 Statement of compliance

The financial statements of the Group and of the Company have been prepared and presented in accordance with the provisions of the Companies Act 2016 and the Malaysian Financial Reporting Standards.

The financial statements also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

2.2 Basis of preparation of the financial statements

2.2.1 Basis of accounting

The financial statements of the Group and of the Company have been prepared under the historical cost convention and any other bases described in the significant accounting policies as summarised in Note 2.2.2.

The Group has adopted the new and revised Malaysian Financial Reporting Standards (“MFRSs”) and their related IC Interpretations that become mandatory for the current reporting period. The adoption of these new and revised MFRSs and IC Interpretations does not result in significant changes in the accounting policies of the Group.

The Group has not adopted the new standards, amendments to published standards and IC Interpretations that have been issued but not yet effective. These new standards, amendments to published standards and IC Interpretations do not result in significant changes in accounting policies of the Group upon their initial application.

2.2.2 Significant accounting policies

Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (“functional currency”). The consolidated financial statements are presented in Ringgit Malaysia (“RM”), which is also the Company’s functional currency.

2. Principal accounting policies (cont'd)

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the reporting date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

Acquisitions of subsidiaries are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

For each business combination, non controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured either at fair value or at the present ownership instruments' proportionate share of the recognised amounts of the acquiree's identifiable net assets. All other components of non controlling interests shall be measured at their acquisition-date fair values, unless another measurement basis is required by MFRSs.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's net identifiable assets and liabilities is recorded as goodwill in the consolidated statement of financial position. In instances where the latter amount exceeds the former, the excess is recognised as a gain on bargain purchase in profit or loss on the acquisition date.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Non controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company, and is presented within equity in the consolidated statement of financial position, separately from equity attributable to owners of the Company. Non controlling interests in the results of the Group is presented in the consolidated statement of comprehensive income as an allocation of the profit or loss and the comprehensive income for the reporting period between non controlling interests and the owners of the Company. Losses applicable to the non controlling interests in a subsidiary are allocated to the non controlling interests even if doing so causes the non controlling interests to have a deficit balance.

Changes in the Company owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributable to owners of the parent.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2022

2. Principal accounting policies (cont'd)

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Basis of consolidation (cont'd)

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the subsidiary, any non controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as equity accounted investee or as a financial asset depending on the level of influence retained.

Revenue from contracts with customers

Revenue is recognised when or as a performance obligation in the contract with customer is satisfied, i.e. when the control of the goods or services underlying the particular performance obligation is transferred to the customer. A performance obligation is a promise to transfer a distinct goods or service (or a series of distinct goods or services that are substantially the same and that have the same pattern of transfer) to the customer that is explicitly stated in the contract and implied in the Group's customary business practices.

Revenue is measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised goods or services to the customers, excluding amounts collected on behalf of third parties such as sales taxes or services taxes. If the amount of consideration varies due to discounts, rebates, refunds, credits, incentives, penalties or other similar items, the Group estimates the amount of consideration to which it will be entitled based on the expected value or the most likely outcome. If the contract with customer contains more than one performance obligation, the amount of consideration is allocated to each performance obligation based on the relative stand-alone selling prices of the goods or services promised in the contract.

Revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The control of the promised goods or services may be transferred over time or at a point in time. The control over the goods or services is transferred over time and revenue is recognised over time if:

- a) the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- b) the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c) the Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

Revenue for performance obligation that is not satisfied over time is recognised at a point in time at which the customer obtains control of the promised goods or services.

Revenue is recognised only when it is possible that the Group will collect the consideration to which it will be entitled to in exchange for goods or services sold.

2. Principal accounting policies (cont'd)

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Contract assets and liabilities

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. A contract asset is stated at cost less accumulated impairment losses, if any.

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group transfers the goods or services to the customer, a contract liability is recognised when payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Group performs under the contract.

Foreign currencies

Transactions in foreign currencies are measured in the functional currency of the Company and its subsidiaries and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the reporting date. Non monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss.

The principal exchange rates for every unit of foreign currency ruling at reporting date used are as follows:

	2022	2021
	RM	RM
United States Dollar	4.204	4.159
Euro	4.693	4.800
Chinese Renminbi	0.662	0.602

Employee benefits

(i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised in profit or loss in the reporting period in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plans

Obligations for contributions to defined contribution plans such as Employees Provident Fund are recognised in profit or loss as incurred.

2. Principal accounting policies (cont'd)

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Employee benefits (cont'd)

(iii) Employee share option plans

Employees of the Group receive remuneration in the form of share options as consideration for services rendered. The cost of these equity-settled transactions with the employees is measured by reference to the fair value of the options at the date on which the options are granted. This cost is recognised in profit or loss, with a corresponding increase in the share issuance scheme reserve over the vesting period. The cumulative expense recognised at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimates of the number of options that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in the cumulative expense recognised at the beginning and end of the reporting period.

No expense is recognised for options that do not ultimately vest, except for options where vesting is conditional upon a market or non-vesting condition, which are treated as vested irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

In the Company's separate financial statements, the grant of the share options to the subsidiaries' employees is not recognised as an expense. Instead, the fair value of the share options measured at the grant date is accounted for as an increase to the investment in subsidiary undertakings, with a corresponding credit to the share issuance scheme reserve.

The share issuance scheme reserve is transferred to share capital when the share options are exercised, or transferred to retained earnings upon expiry of the share options.

Income tax

Income tax on the profit or loss for the reporting period comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the reporting period and is measured using the tax rates that have been enacted at the reporting date.

Deferred tax is provided for, using the 'liability' method, on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax is measured at the tax rates that are expected to apply in the reporting period when the asset is realised or the liability settled, based on tax rates that have been enacted or substantively enacted at the reporting date. Deferred tax is recognised in profit or loss.

Deferred tax assets and liabilities are offset if there is legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity.

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Impairment of assets

The carrying amount of assets subject to accounting for impairment (primarily non financial assets) is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or the cash generating unit to which it belongs exceeds its recoverable amount. Impairment losses are recognised in profit or loss in the reporting period in which it arises.

The recoverable amount is the greater of the asset's net selling price and its value in use. In assessing value in use, estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash generating unit to which the asset belongs.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, an impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. The reversal is recognised in profit or loss.

Plant and equipment and depreciation

Plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Gain or loss arising from the disposal of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in profit or loss.

No depreciation is provided on construction work in progress. Depreciation on all other plant and equipment is calculated on a straight line basis at the following annual rates based on their estimated useful lives:

Computers, equipment and software	20% to 30%
Furniture and fittings	10% to 30%
Office equipment	10% to 20%
Motor vehicles	20%
Renovation	20%
Equipment rental units	20%
Signboard	10%
Cabling and storage systems	10%
Data centre	15 years

Depreciation on construction work in progress commences when the assets are ready for their intended use.

2. Principal accounting policies (cont'd)

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Plant and equipment and depreciation (cont'd)

The residual values, useful life and depreciation method are reviewed at each reporting date to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of plant and equipment.

Investment properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods, such as recent prices on less active markets or discounted cash flow projections.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the reporting period in which they arise.

Investment in subsidiaries

Subsidiaries are those companies controlled by the Company. Control exists when the Company has the rights, or exposed, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The Company's investment in subsidiaries is stated at cost less impairment losses, if any.

Investment in an associate

An associate is a company in which the Group has significant influence and which is neither a subsidiary nor a joint venture.

The Company's investment in an associate is stated at cost less impairment losses, if any.

The Group's investment in associates is accounted for under the equity method of accounting based on the audited or management financial statements of the associates made up to the reporting date. Under this method of accounting, the investment in an associate is measured in the consolidated statement of financial position at cost plus the Group's post acquisition share of the associate's profit or loss and other comprehensive income while dividend received is reflected as a reduction of the investment.

Unrealised gains on transactions between the Group and its associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are also eliminated unless the transaction provides evidence on impairment of the asset transferred. Where necessary, in applying the equity method, adjustments have been made to the financial statements of the associate to ensure consistency of accounting policies with the Group.

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Investment in an associate (cont'd)

When the Group ceases to have significant influence over an associate, any retained interest in the former associate at the date when significant influence is lost is measured at fair value and this amount is regarded as the initial carrying amount of a financial asset. The difference between the fair value of any retained interest plus proceeds from the interest disposed of and the carrying amount of the investment at the date when equity method is discontinued is recognised in profit or loss.

Goodwill

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities. Goodwill is measured at cost less any accumulated impairment losses and is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired.

Intangible assets

(i) Research and development expenditures

Expenditures incurred at research phase, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in profit or loss.

Expenditures incurred at development phase are recognised as intangible assets when the following criteria are fulfilled:

- (a) it is technically feasible to complete the intangible asset so that it will be available for use or sale;
- (b) management intends to complete the intangible asset and use or sell it;
- (c) there is an ability to use or sell the intangible asset;
- (d) it can be demonstrated how the intangible asset will generate probable future economic benefits;
- (e) adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available; and
- (f) the expenditure attributable to the intangible asset during its development can be reliably measured.

The expenditure capitalised includes direct labour, overhead costs and cost of materials that are directly attributable to preparing the asset for its intended use. Development expenditure recognised as intangible asset is stated at cost less accumulated amortisation and impairment losses, if any.

Development expenditure is amortised when the asset is available for use on the straight line basis over the period of expected benefit of five years. The amortisation period and the amortisation method are reviewed at the end of each reporting period.

(ii) Software

Software acquired separately is measured on initial recognition at cost. Following initial recognition, software is carried at cost less any accumulated amortisation and impairment losses, if any.

Software is amortised on a straight line basis over its finite useful life of 5 years.

The amortisation period and the amortisation method are reviewed at the end of each reporting period.

Inventories

Inventories comprising trading merchandise are stated at the lower of cost and net realisable value. Cost of inventories is determined on first in, first out basis. Costs of inventories comprise the cost of purchase plus the cost of bringing the inventories to their present location and condition. Net realisable value represents the estimated selling prices less all estimated costs to be incurred in marketing, selling and distribution.

Leases

As a lessee

i) Right of use assets

The Group recognises a right of use asset at the commencement date of the lease. The right of use asset is initially measured at cost. The cost of right of use assets includes the amount of lease liabilities recognised, adjusted for any lease payments made at or before the commencement date, plus initial direct costs incurred and an estimate of costs to dismantle, remove or restore the leased asset, less any lease incentives received.

Subsequent to initial measurement, the right of use asset is depreciated on a straight line basis over the shorter of the lease term and the estimated useful life as follows:

Office buildings	2 - 6 years
Equipment rental units	3 - 5 years
Motor vehicles	4 years

Right of use asset is subject to impairment and is adjusted for any remeasurement of lease liabilities.

Leases (cont'd)

As a lessee (cont'd)

ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities at the present value of lease payment to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the assessment of lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payments occurs. The present value of lease payments is discounted using the interest rate implicit in the lease or, if the rate cannot be readily determined, the Group's incremental borrowing rate.

The lease liability is measured at amortised cost using the effective interest method. After the commencement date, the amount of lease liability is increased to reflect the accretion of interest and reduced for the lease payments made.

The amount of lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right of use asset, or is recognised in profit or loss if the carrying amount of the right of use asset has been reduced to zero.

The Group has elected not to recognise right of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and do not contain a purchase option, and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight line basis over the lease term.

As a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight line basis over the lease terms and is included in revenue or other operating income in profit or loss based on its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Segment information

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Financial instruments

Financial instruments are recognised in the statement of financial position when the Group has become a party to the contractual provisions of the instrument.

A financial instrument (unless it is a trade receivable without a significant financing component) is recognised initially at its fair value plus or minus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument. A trade receivable without significant financing component is initially measured at the transaction price.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends and gains and losses relating to a financial instrument classified as a liability, are reported as expense or income in profit or loss.

Distributions to holders of financial instruments classified as equity are charged directly to equity. Financial instruments are offset when the Group has legal enforceable right to offset and intends to settle either on a net basis or realise the asset and settle the liability simultaneously.

On initial recognition, financial assets are classified as subsequently measured at amortised cost, fair value through other comprehensive income and fair value through profit or loss. Financial liabilities are classified, at initial recognition, as financial liabilities subsequently measured at fair value through profit or loss or at amortised cost, as appropriate.

(i) Financial assets at amortised cost

A financial asset is classified at amortised cost if it meets both of the following conditions:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets at amortised cost are measured using the effective interest method and are subject to impairment. Gains or losses are recognised in profit or loss when the financial assets at amortised cost are derecognised or impaired, and through the amortisation process (finance income).

(ii) Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near term.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss does not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit or loss are recognised separately in profit or loss as part of other losses or other income.

(iii) Financial liabilities at amortised cost

Financial liabilities are classified at amortised cost if they are not:

- a) contingent consideration of an acquirer in a business combination;
- b) financial guarantee contracts;
- c) loan commitments;
- d) designated at fair value through profit or loss; or
- e) liabilities that arise when a transfer of a financial asset that does not qualify for derecognition or when the continuing involvement approach applies.

Subsequent to initial recognition, financial liabilities at amortised cost are measured using the effective interest method. Gains or losses are recognised in profit or loss when the financial liabilities at amortised cost are derecognised, and through the amortisation process (finance cost).

(iv) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due.

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are recognised as income in profit or loss over the period of the guarantee. If the debtor fails to make payment relating to financial guarantee contract when it is due and the Company, as the issuer, is required to reimburse the holder for the associated loss, the liability is measured at the higher of the loss allowance determined in accordance with the expected credit losses model and the amount initially recognised less cumulative amortisation.

(v) Equity instruments

Equity instruments issued by the Company are recorded at the fair value of the proceeds received net of direct issue costs. Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the reporting period in which they are approved.

Financial instruments (cont'd)

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Expected credit losses

The Group recognises an allowance for expected credit losses ("ECL") on the following items:

- a) financial assets at amortised cost;
- b) contract assets; and
- c) financial guarantee contracts.

ECL are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. ECL are recognised in profit or loss.

For a financial guarantee contract, as the Group is required to make payments only in the event of a default by the debtor in accordance with the terms of the instrument that is guaranteed, the ECL is the expected payments to reimburse the holder for a credit loss that it incurs less any amounts that the Group expects to receive from the holder, the debtor or any other party.

ECL are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECL are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECL. The Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. Where appropriate, the Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

Loss allowances for debt instruments measured at amortised cost are deducted from the gross carrying amount of the assets.

Expected credit losses (cont'd)

Low credit risk

A financial instrument is determined to have low credit risk if:

- a) the financial instrument has a low risk of default;
- b) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- c) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Group considers a financial asset to have low credit risk when it has an internal or external credit rating of "investment grade" as per globally understood definition.

Significant increase in credit risk

When determining whether the credit risk of a debt instrument has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

For financial guarantee contracts, the date that the Group becomes a party to the irrevocable commitment is considered to be the date of initial recognition for the purposes of assessing the financial instrument for impairment. In assessing whether there has been a significant increase in the credit risk since initial recognition for financial guarantee contracts, the Group considers the changes in the risk that the specified debtor will default on the contract.

Definition of default

The Group considers a debt instrument to be in default when:

- a) The Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group; or
- b) The financial asset is more than 90 days past due.

Credit impaired financial assets

A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit impaired includes the following observable events:

Credit impaired financial assets (cont'd)

- a) Significant financial difficulties of the debtor;
- b) A breach of contract, such as a default or past due event;
- c) The lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- d) It becoming probable that the borrower will enter into bankruptcy or other financial reorganisations; or
- e) Disappearance of an active market for that financial asset because of financial difficulties.

Write off

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows. Subsequent recoveries of a financial asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

Current versus non-current classification

Assets and liabilities are presented based on a current/non-current classification. An asset is current when it is:

- a) Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- b) Held primarily for the purpose of trading;
- c) Expected to be realised within twelve months after the reporting period; or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in the normal operating cycle;
- b) It is held primarily for the purpose of trading;
- c) It is due to be settled within twelve months after the reporting period; or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

2.2 Basis of preparation of the financial statements (cont'd)

2.2.2 Significant accounting policies (cont'd)

Statements of cash flows

Statements of cash flows are prepared using the indirect method.

Cash equivalents are short term, highly liquid investments that are readily convertible to known amount of cash and which are subject to insignificant risk of changes in value. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdraft, fixed deposits pledged and fixed deposits with maturity of more than three months.

3. Critical accounting estimates and judgements

In the preparation of the financial statements, the directors are required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Estimates and judgements are continually evaluated by the directors and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In the process of applying the Group's accounting policies, which are described above, management is of the opinion that there are no instances of application of judgement which are expected to have a significant effect on the amounts recognised in the financial statements.

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period other than as follows:

(a) Impairment of non financial assets

In assessing impairment of goodwill, plant and equipment, right of use assets and investment in subsidiaries, the recoverable amount of the assets is estimated using the latest available fair value (after taking into account the costs to sell) or the value in use of the relevant assets.

Significant variations to these assumptions and estimates could result in changes to the assessment of the recoverability of these non financial assets. To the extent of any future determination that these non financial assets are not recoverable, future financial results in the reporting period in which this determination is made will be affected.

(b) Allowance for expected credit losses for debt instruments at amortised cost

When measuring expected credit losses, the Group uses reasonable and supportable forward looking information, which is based on assumptions for future conditions and how these conditions will affect the amount of expected credit losses.

Loss given default is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the Group would expect to receive, taking into account cash flows from collateral and internal credit enhancements. Probability of default constitutes a key input in measuring expected credit losses. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2022

3. Critical accounting estimates and judgements (cont'd)

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period other than as follows (cont'd):

(c) Recognition of construction revenue

Construction revenue is recognised over time by selecting an appropriate method for measuring the Group's progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured using an input method, by reference to the construction costs incurred to date as a percentage of the estimated total costs of the contract.

Significant estimation is required in determining the progress based on actual costs incurred to date over the estimated total construction costs. The total estimated costs are based on approved budgets, which require assessments and judgements to be made on changes in, for example scope of work and costs to completion. In making the estimation, the Group evaluates based on past experience.

(d) Fair values of investment properties

Fair values of investment properties are determined by independent firms of professional valuers.

Significant judgements are involved in determining the fair values by using the chosen valuation technique and applying the assumptions as disclosed in Note 35.3. Any changes in fair values of these investment properties are recognised in profit or loss.

11.1 Impairment review for plant and equipment and right of use assets

In the current reporting period

The Group performed an impairment test on the plant and equipment and right of use assets of a subsidiary, Digital Paper Solutions Sdn Bhd ("DPS") with carrying amount (before impairment) of RM802,216 and RM1,526,948 respectively as the subsidiary had been persistently making losses. The impairment review led to recognition of impairment loss of RM133,635 and RM254,365 respectively.

The impairment losses have been recognised in profit or loss under "Other operating expenses" line item in the Group's statement of comprehensive income for the year ended 31 March 2022.

In the previous reporting period

The Group performed an impairment test on the plant and equipment and right of use assets of a subsidiary, DPS with carrying amount of RM974,700 and RM2,493,394 respectively as the subsidiary had been persistently making losses. The recoverable amount of these plant and equipment and right of use assets is estimated to be higher than the respective carrying amount.

11.2 Key assumptions used in the value in use calculations

The recoverable amount of the plant and equipment and right of use assets of DPS is determined from a value in use calculations using cash flows projections from financial budgets prepared by management covering a 4-year (2021: 4 year) business plan and the following are the key assumptions:

- The discount rate used for the value in use calculation is based on the country's industry weighted average cost of capital specific to the business of DPS at the rate of 9.81% (2021: 11.21%); and
- The value assigned to the key assumptions such as sales growth, fixed and variable costs are based on management's assessment of future trends of the business and its historical data.

Management has considered and assessed reasonably possible changes of key assumptions and has not identified any instances that could cause the carrying amount of the plant and equipment and right of use assets to materially exceed their recoverable amounts.

15.2 Striking off of a subsidiary

In the previous reporting period, Key Alliance Officeworks Sdn Bhd (“KAOW”) has been struck off from the register of the Companies Commission of Malaysia. KAOW has been derecognised and the resulted gain of the Group of RM6,635 is included in “Other operating income” line item in profit or loss.

15.3 Impairment of investment in subsidiaries

In the current reporting period

DPS has been making losses for the past few reporting periods which is considered as a triggering event for impairment review on the carrying amount of the investment in DPS amounting to RM3,964,590. As a result of the impairment review, an impairment loss of RM3,964,590 was recognised to write down the carrying amount of investment in DPS to its recoverable amount of RM Nil. The amount of impairment loss has been recognised under “Other operating expenses” line item in the Company’s statement of comprehensive income for the year ended 31 March 2022.

In the previous reporting period

DPS has been making losses for the past few reporting periods which is considered as a triggering event for impairment review on the carrying amount of the investment in DPS amounting to RM3,964,590. The recoverable amount of the investment is determined to be higher than its carrying amount using DPS as a cash generating unit.

GEG and C1TA have been persistently making losses which is considered as a triggering event for impairment review on the carrying amount of these investments of RM1,665,750 each. The impairment review results in a full impairment loss of RM1,665,750 for each investment (zero recoverable amount) which has been recognised in profit or loss under “Other operating expenses” line item of the Company.

15.4 Key assumptions used

The recoverable amount of the investment in DPS is determined based on its value in use calculations using cash flows projections from financial budgets prepared by management covering a five (2021: four) year period and the following are the key assumptions:

- i) The discount rate used for the discounted cash flow model is based on the country’s industry weighted average cost of capital specific to the industry at the rate of 10.92% (2021: 11.18%); and
- ii) The value assigned to the key assumptions such as sales growth, fixed and variable costs are based on the management’s assessment of future business trends and its historical data.

15.5 Interest in subsidiaries with material non controlling interests (“NCI”)

The Group has the following subsidiary with NCI that is material to the Group.

18.1 Impairment testing for goodwill

For the purpose of impairment testing, goodwill is allocated to the Group's division in their respective operating segments which represent the lowest level within the Group at which the goodwill is monitored for internal management purposes.

The aggregate carrying amount of goodwill allocated to the following cash generating units ("CGU") are as follows:

	Group	
	2022	2021
	RM	RM
Information communication technology and related activities ("ICT")	-	1,398,725

In the current reporting period

a) ICT division

The directors performed an impairment test on the goodwill of the Group's ICT division. Accordingly, the Group recognised an impairment loss of RM1,398,725 on the goodwill allocated to this division as the division is not expected to generate substantial future cash flows. The impairment loss has been recognised in profit or loss under "Other operating expenses" line item in the Group's statement of comprehensive income.

In the previous reporting period

a) Trading of office equipment and others divisions

The directors performed an impairment test on the goodwill of the Group's trading of office equipment and others divisions. Accordingly, the Group recognised an impairment loss of RM1,970,478 and RM1,097 respectively on the goodwill allocated to these two divisions. The impairment losses have been recognised in profit or loss under "Other operating expenses" line item in the Group's statement of comprehensive income.

b) ICT division

The recoverable amount of the Group's ICT division has been determined based on value in use calculations using cash flow projections from financial budgets approved by management covering a three year period and having considered the terminal value of the ICT division.

18.2 Key assumptions used in the value in use calculations

The calculation of value in use for goodwill of ICT division in the previous reporting period is most sensitive to the following assumptions:

- i) The discount rate used for the value in use calculation is based on the country's industry weighted average cost of capital specific to the industry of 7.40%; and
- ii) The value assigned to the key assumptions such as sales growth, fixed and variable costs are based on the management's assessment of future trends of the business and its historical data.

(c) Rights issue

A renounceable rights issue of 982,103,848 new ordinary shares ("Rights Shares") at an issue price of RM0.05 per Rights Share on the basis of one (1) Rights Share for every one (1) existing ordinary shares held together with 982,103,848 free detachable warrants ("Warrants") on the basis of one (1) Warrant for every one (1) Rights Shares subscribed.

The new ordinary shares issued rank pari passu with the then existing ordinary shares of the Company.

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions.

24.1 Warrants C

The Company had on 20 November 2020 issued 982,103,848 warrants in conjunction with its renounceable rights issue exercise. The warrants are constituted by a deed poll dated 7 October 2020 ("Deed Poll").

The salient features of the warrants are as follows:

- (a) The issue date of the warrants is 20 November 2020 and the expiry date is on 19 November 2023. Any warrants not exercised at the expiry date will lapse and cease to be valid for any purpose;
- (b) Each warrant entitles the registered holder the right to subscribe for one (1) new ordinary share in the Company at an exercise price of RM0.05 per ordinary share until the expiry of the exercise period;
- (c) The exercise price and the number of warrants are subject to adjustment in the event of alteration to the share capital of the Company in accordance with the provisions in the Deed Poll;
- (d) The warrant holders are not entitled to participate in any distribution and/or offer of further securities in the Company (except for the issue of new warrants pursuant to adjustment as mentioned in item (c) above), unless and until such warrant holders exercise their rights to subscribe for new ordinary shares; and
- (e) The new ordinary shares to be issued upon exercise of the warrants, shall upon issuance and allotment, rank pari passu with the then existing ordinary shares, except that they will not be entitled to dividends, rights, allotments and/or other distributions, declared by the Company which entitlement thereof precedes the allotment date of the new ordinary shares allotted pursuant to the exercise of the warrants.

The movement in the Company's warrants during the reporting period are as follows:

	Entitlement for ordinary shares			Balance at 31.3.2022

24.2 Share Issuance Scheme

The Company implemented a Share Issuance Scheme ("SIS") which is governed by the SIS By-Laws and was approved by its shareholders at the Extraordinary General Meeting held on 10 April 2015.

The salient features of the SIS are as follows:

- (a) The SIS was implemented on 7 May 2015 and is in force for a period of 5 years until 6 May 2020 in accordance with the terms of the SIS By-Laws. On 6 May 2020, the Company extended the expiry date for another 3 years until 6 May 2023;
- (b) The total number of new shares to be offered pursuant to the SIS shall be subject to a maximum of 30% of the Company's issued and paid up share capital (excluding treasury shares) at any one time;
- (c) Any employee of the Group or any director of the Group (excluding dormant subsidiaries) shall be eligible to participate in the SIS, if, as at the date of offer, the employee or the director:
 - (i) has attained the age of eighteen (18) years;
 - (ii) is employed by a company in the Group, which is not dormant; and
 - (iii) be under such categories and criteria that the Option Committee may decide at its absolute discretion from time to time.

The participation of directors in the SIS shall be approved by the shareholders of the Company in the general meeting;

- (d) The exercise price of SIS shall be based on the weighted average market price of the Company's shares as shown in the Daily Official List of Bursa Malaysia Securities Berhad for the five (5) market days immediately preceding the date of offer with an allowance of a discount of not more than 10%;
- (e) The new ordinary shares to be issued upon exercise of the SIS, shall upon issuance and allotment, rank pari passu with the then existing ordinary shares, except that they will not be entitled to dividends, rights, allotments and/or other distributions, declared by the Company which entitlement thereof precedes the allotment date of the new ordinary shares allotted pursuant to the exercise of the SIS; and
- (f) The exercise price and the number of new ordinary shares comprised in the SIS are subject to adjustment in the event of alteration to the share capital of the Company in accordance with the provisions in the SIS By-Laws.

The following table illustrates the number ("units") and weighted average exercise price ("WAEP") of, and movements in, SIS during the previous reporting period:

24. Share capital (cont'd)

24.2 Share Issuance Scheme (cont'd)

The weighted average share price at the date of exercise of the options exercised during the previous reporting period was RM0.06.

The fair value of the share options granted under the SIS is estimated at the grant date using a Black-Scholes option pricing model, taking into account the terms and conditions upon which the instruments were granted.

The following table lists the inputs to the option pricing model for share options granted during the previous reporting period:

2021	21 April 2020	24 July 2020	5 August 2020	31 December 2020	20 January 2021
Dividend yield (%)	-	-	-	-	-
Expected volatility (%)	119.70	42.57	42.57	93.38	73.06
Risk-free interest rate (% per annum)	7.21	2.11	1.88	2.11	1.85
Expected life of option (days)	30	30	30	30	30

The expected life of the options is based on historical data and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may not necessarily be the actual outcome. No other features of the option was incorporated into the measurement of fair value.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2022

33. Financial instruments and financial risks management (cont'd)

33.2 Financial risk management objectives and policies

The Group's overall financial risk management programme seeks to minimise potential adverse effects on financial performance of the Group.

The Group does not hold or issue derivative financial instruments for speculative purposes.

There has been no change in the Group's exposure to these financial risks or the manner in which it manages and measures the risk.

Credit risk management

The Group's credit risk is primarily attributable to its trade and other receivables and cash and bank balances. The Group minimises credit risk by dealing exclusively with high credit worthy counterparties. At reporting date, there were no significant concentrations of credit risk other than as follows:

	Group		Company	
	2022 RM	2021 RM	2022 RM	2021 RM
Amount due from two subsidiaries (2021: a subsidiary)	-	-	57,993,507	32,927,837
Bank balances with a financial institution	-	29,273,654	-	-

The Group's credit risk grading framework for expected credit losses ("ECL") model is as follows:

Category	Definition	Basis for recognition of ECL
Performing	The debtor has a low risk of default and a strong capacity to meet contractual cash flows.	12-month ECL
Doubtful	Amount is > 30 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit impaired
Default	Amount is > 90 days past due or there is evidence indicating the asset is credit impaired.	Lifetime ECL – credit impaired
Write off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery or the debtor is two years past due.	Amount is written off

i) Trade receivables and contract assets

For trade receivables and contract assets, the Group has applied the simplified approach to measure the loss allowance at lifetime expected credit losses. Where appropriate, the Group determines the ECL on these items by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Accordingly, the credit risk profile of these debtors is presented based on their past due status in terms of the provision matrix as disclosed in Note 21. In determining the ECL of other trade receivables, management has taken into account the historical default experience and the financial position of the counterparties, adjusted for factors that are specific to the debtors and general economic conditions of the industry in which the debtors operate, in estimating the probability of default of each of these financial assets occurring, as well as the loss upon default in each case. There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

ii) Other receivables

Other receivables (other than those identified below) are considered to have low credit risk as they are not due for payment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month ECL.

The following other receivables are not considered to have low credit risk as there has been significant increase in the risk of default on the receivables since initial recognition:

	Group		Company	
	2022 RM	2021 RM	2022 RM	2021 RM
Amount due from subsidiaries	-	-	48,604,010	43,858,252

The loss allowance of the above receivables is measured at an amount equal to the lifetime ECL as there has been a significant increase in credit risk since initial recognition. In determining the ECL, management has taken into account the historical default experience and the financial position of the counterparties, adjusted for factors that are specific to the debtors and general economic conditions of the industry in which the debtors operate, in estimating the probability of default of each of these financial assets occurring, as well as the loss upon default in each case. There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

iii) Cash and bank balances (including fixed deposits)

The cash and bank balances are held with reputable financial institutions with high credit ratings and no history of default. Impairment on cash and bank balances has been measured on a 12-month ECL and reflects the short term maturities of the exposures. The Group considers that its cash and bank balances have low credit risk based on the external credit ratings of the financial institutions. There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

None of the receivables that have been written off is subject to enforcement activities.

The Company provides secured financial guarantees to licensed banks in respect of banking facilities granted to subsidiaries. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries. The maximum exposure to credit risk amounts to RM1,982,858 (2021: RM10,625,449) representing the outstanding credit facilities of the subsidiaries as at reporting date.

Liquidity risk management

The Group maintains sufficient cash and bank balances, and internally generated cash flows to finance its activities. The Group and the Company finances its operations by a combination of equity and bank borrowings.

The following tables detail the remaining contractual maturity for non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group and the Company can be required to pay.

Group	Carrying amount RM	Contractual cash flows (including interest payments)				
		Total RM	On demand or within 1 year RM	Within 1 to 2 years RM	Within 2 to 5 years RM	More than 5 years RM

The fair value of the corporate guarantees provided to the subsidiaries are not expected to be material as the total borrowings of the subsidiaries are collateralised against the investment properties and certain fixed deposits of the Group. Further, the probability of the subsidiaries defaulting on the credit facilities is remote. Accordingly, the corporate guarantees have not been recognised.

As at the reporting date, the counterparties to the corporate guarantees do not have the right to demand payment as there is no default on borrowings obtained by the subsidiaries.

Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instrument will fluctuate because of changes in market interest rates.

The Group's primary interest rate risk relates to interest bearing debts. The Group manages its interest rate exposure by maintaining a prudent mix of fixed and floating rate borrowings. The Group actively reviews its debt portfolio, taking into account the investment holding period and nature of its assets. The information on maturity dates and effective interest rates of financial liabilities are disclosed in their respective notes.

The sensitivity analysis below have been determined based on the exposure to interest rates for the banking facilities at the reporting date. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

A change of 50 basis points in interest rate with all other variables being held constant would have decrease or increase the Group's profitability before tax by RM9,900 (2021: RM53,000).

Foreign exchange risk management

The Group transacts business in various currencies, and therefore is exposed to foreign exchange risk. Foreign currency denominated assets and liabilities together with expected cash flows from highly probable purchases and sales give rise to foreign exchange exposures.

The net financial assets and financial liabilities of the Group's components that are not denominated in the functional currency are as follows:

Functional currency of the Group's components	Net Financial Liabilities Held in Non-Functional Currencies		
	Chinese Renminbi RM	Euro RM	United States Dollar RM
2022			
Ringgit Malaysia	(17,871)	(3,245)	(25,091)

33.2 Financial risk management objectives and policies (cont'd)

Foreign exchange risk management (cont'd)

The following table details the sensitivity to a 10% increase and decrease in the relevant foreign currencies against the respective functional currency of the Group's components. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items adjusted at the reporting period end for a 10% change in foreign currency rates. If the relevant foreign currencies strengthen by 10% against the functional currency of the Group's components, profitability before tax will decrease by:

	Group	
	2022 RM	2021 RM
Chinese Renminbi	(2,000)	(1,000)
Euro	-	(2,000)
United States Dollar	(3,000)	(33,000)

The opposite applies if the relevant foreign currencies weaken by 10% against the functional currency of the Group.

The Company is not exposed to any foreign exchange risk.

Market price risk

Market price risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market prices (other than interest or exchange rates).

The Group is exposed to equity price risk arising from its investment in equity instruments. For quoted equity instruments, these instruments are listed on the Bursa Malaysia Securities Berhad.

Management of the Group monitors the equity instruments on a portfolio basis. Material instruments within the portfolio are managed on an individual basis and all buy and sell decisions are made by the executive directors.

The effect of a 10% strengthening in the specified stock prices at the end of the reporting period with all other variables held constant would increase the profitability before tax of the Group and the Company as follows:

	Group and Company	
	2022 RM	2021 RM
Equity investments listed on:		
Bursa Malaysia Securities Berhad	2,457,200	3,983,400

A 10% weakening in specified stock would have equal but opposite effect on the profitability of the Group and the Company.

NOTES TO THE FINANCIAL STATEMENTS

34. Capital structure and capital risk management

The Group manages its capital to ensure that it will be able to continue as a going concern while providing an adequate return to its shareholders through the optimisation of the debt and equity balance.

The Group sets the amount of capital in proportion to risk. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Group monitors capital on the basis of the debt-to-adjusted capital ratio. This ratio is calculated as net debt divided by adjusted capital. Net debt is calculated as total debt (as shown in the statements of financial position) less cash and cash equivalents. Adjusted capital comprises all components of equity and reserves that are managed as capital. There were no changes in the Group's approach to capital management during the reporting period.

The debt-to-adjusted capital ratios are as follows:

	Group		Company	
	2022 RM	2021 RM	2022 RM	2021 RM
Total debts	9,370,881	17,261,295	4,602,676	2,086,880

35. Fair value of assets and liabilities

35.1 Financial instruments not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amounts of cash and cash equivalents, trade and other receivables and payables, and other liabilities approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

The fair values of the Group's term loans and lease liabilities approximate their carrying amount. Term loan is a floating rate instrument that is re-priced to market interest rates on or near reporting date. Lease liabilities approximate their carrying amounts as these instruments were entered/initially recognised with interest rates which are reasonable approximation of the market interest rates on or near reporting date.

35.2 Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

35.3 Financial instruments and non financial assets carried at fair value

The following table provides an analysis of each class of assets and liabilities measured at fair value at the end of the reporting period:

Valuation techniques used to derive Level 2 fair values

Investment properties

a) Investment property of the Company

The fair value of investment property of the Company under Level 2 was stated by the directors based on professional valuations carried out by Mr Nagalingam T., a registered valuer with Azmi & Co (Shah Alam) Sdn Bhd, in May 2022 (2021: by First Pacific Valuers Property Consultants Sdn Bhd, in April 2019) using the comparison approach of valuation.

The comparison approach considers the sales of similar or substitute properties and related market data, and establishes a value estimate by processes involving comparison. In general, the property being valued is compared with sales of similar properties that have been transacted in the open market. Listing and offering may also be considered. Valuation may be significantly affected by the timing and the characteristics (such as location, accessibility, design, size, improvements and amenities) of the property transactions used for comparison.

Valuation techniques used to derive Level 3 fair values

a) Unquoted equity investments

The fair value of the unquoted equity investments is determined by reference to the audited net assets of the investees.

b) Unquoted mutual funds

The fair value of the unquoted mutual funds is determined by reference to the net assets per unit of the funds.

EXPLANATORY NOTES

1. **Audited Financial Statements for the Financial Year Ended 31 March 2022**

The Agenda No. 1 is meant for discussion only as Section 340(1) (a) of the Companies Act, 2016 provide that the audited financial statements are to be laid in the general meeting and do not require a formal approval of the shareholders. Hence, this Agenda item is not put forward for voting.

2. **Ordinary Resolution 1 : To approve the payment of Directors' fees and others benefits payable**

The Directors' fees and other benefits payable are calculated based on the number of scheduled Board and Committee Meetings to held for the period commencing from 9 September 2022 until the conclusion of the next Annual General Meeting of the Company and assuming that all Non-Executive Directors will hold office until the end of the subject financial year.

This resolution is to facilitate payment of Directors' fees and allowances on monthly basis and/or as and when required. In the event the Directors' fees and allowances proposed is insufficient (e.g. due to more meetings), approval will be sought at the next Annual General Meeting for additional fees to meet the shortfall.

NOTICE OF ANNUAL GENERAL MEETING

3. Ordinary Resolutions 2 and 3 : Re-election of Directors

The following Directors are standing for re-election as Directors of the Company pursuant to the following clauses of the Company's Constitution at the 19th Annual General Meeting of the Company and are being eligible have offered themselves for re-election in accordance with the Company's Constitution :

- (a) Dato' Zaidi Bin Mat Isa @ Hashim (Clause 90); and
- (b) Mr Roy Ho Yew Kee (Clause 90).

(collectively referred to as "Retiring Directors")

The Board of Directors through the Nominating Committee ("NC") has deliberated on the suitability of the Retiring Directors to be re-elected as Directors. Upon deliberation, the Board (except for the Retiring Directors who had abstained from deliberations and decisions on their own eligibility to stand for re-election at the relevant Board and Committees meetings) collectively agreed that the Retiring Directors meet the criteria of character, experience, integrity, competence and time commitment to effectively discharge their respective roles as Directors of the Company and recommended the Retiring Directors be re-elected as the Directors of the Company.

Further, the NC has considered and affirmed, and the Board has endorsed that the Dato' Zaidi Bin Mat Isa @ Hashim, who is seeking re-election at the forthcoming 19th Annual General Meeting of the Company comply with the independence criteria as prescribed in the Listing Requirements of Bursa Malaysia Securities Berhad and remained independent in exercising their judgment and in carrying out their duties as Independent Non-Executive Directors.

4. Ordinary Resolution 5 : Authority to allot and issue shares in general pursuant to Sections 75 and 76 of the Companies Act, 2016

The proposed Ordinary Resolution 5, if passed, is the renewal of general mandate to empower the Directors to issue and allot shares up to an amount not exceeding 10% of the issued share capital of the Company for the time being for such purposes as the Directors consider would be in the best interest of the Company ("General Mandate"). This authority, unless revoked or varied by the Company at a General Meeting, will expire at the next Annual General Meeting.

The General Mandate will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for the purpose of funding future investment project(s) workings capital and/or acquisitions.

As at 29 July 2022, 510,861,906 new ordinary shares in the Company were issued by way of private placement pursuant to the general mandate granted to the Directors at the Eighteenth (18th) Annual General Meeting held on 29 September 2021. The total proceeds raised from the said private placement exercise was around RM6,896,635. The details and status of the utilisation of proceeds raised from the said private placement exercise are as follows :
